- 1) Open browser (i.e., Internet Explorer)
- 2) Type in: <u>http://online.camosun.ca/</u>
- 3) Next, enter your user name followed by your last name and the day of your birth. For example denise.iacobucci22 for born on June 22<sup>nd</sup>.

Lecture notes will be available through the course page, 24 hours after lecture. I will bring a hardcopy of the notes to class with me. It is important to state that web-notes ONLY cover information from PowerPoint. These notes represent only about 60% of the information presented in lecture. Therefore, if you miss a class, please make sure that you can get the notes from a friend or classmate.

## 4. Course Content and Schedule

1. There is one 2-hour lecture each week.

2. There is one 1- hour seminar per week. (Your student class schedule informs you of your assigned seminar section.)

I believe participation and attendance is very important. If you must miss class, call me at 370-3221 or e-mail me. If I am not available please leave a message on either my voice mail or e-mail.

## 5. Basis of Student Assessment (Weighting)

Evaluation for Psych 252 will consist of three tests (56%), one research paper proposal (5%), one research paper (20%), one team presentation (15%), and a variety of seminar activities including your attendance and in-class assignments (4%).

- Tests (56%): There will be three tests in total covering each unit of the course which includes the textbook, assigned readings, videos, case studies, and lecture notes. These tests will not be cumulative and will be comprised of multiple choice, short and long answer questions. Make-ups for tests will ONLY be arranged with the permission of the instructor prior to the test date and/or appropriate medical documentation.
- 2. Research Paper Proposal (5%): Students are asked to submit a research paper proposal that includes a thesis statement and at least 3 key research references in order to provide an opportunity for instructor feedback and ensure that the research paper will meet APA research writing standards. Proposals will not exceed two pages double-spaced.
- 3. Research Review Paper (APA) (20%): A research review paper is one that gathers the most recent relevant information about a topic, organizes it and presents a summary of findings. A typical topic would be the current state of theories or models of the cause of anti-social personality disorder. This paper can be between eight and 10 pages long, exclusive of the title page and reference list. It needs to include "several" sources (10 is required), mostly primary sources. The reference list

should contain only sources actually used for the paper. See the Research Paper Guidelines in the D2L materials and seminar hand-out.

- 4. Team Seminar Presentations (15%): You will be selecting a team and developing a short presentation (25 minutes) and producing a brochure (fact sheet) on a topic of your choice that relates to course material. Students will study your brochure/fact sheet for exams. A detailed outline of the expectations for the presentation will be circulated during the first two weeks of seminar. Time will be provided to you during your seminar to work on this presentation. All teams will submit <u>a detailed outline of planned presentation</u> one week prior to their presentation date. This includes all visuals and media clips for instructor review. Following your team's presentation, each team member will evaluate one another and submit this evaluation to the instructor. These evaluations will factor into the instructor's evaluation of each team member. Students who choose not to attend presentations by fellow students will lose marks on their presentation grades.
  - Teams will submit and outline of presentation one week prior to presentation time. No outline = No presentation.
- 5. Seminar Activities (4%): These include attendance, 5-point quizzes, evaluations, and reflection questions done in seminars. Students need to be present in seminar to receive credit for seminar activities. There are NO make-ups for these activities.

#### Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at **camosun.ca** for information on conversion to final grades, and for additional information on student record and transcript notations.

| Temporary<br>Grade | Description   |  |
|--------------------|---|--|
| I                  | <i>Incomplete</i> : A temporary grade assigned when the requirements of a course have<br>not yet been completed due to hardship or extenuating circumstances, such as<br>illness or death in the family.  |  |
| IP                 | <i>In progress</i> : A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. (For these courses a final grade will be assigned to either the 3 <sup>rd</sup> course attempt or at the point of course completion.) |  |
| cw                 | <i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.   |  |

#### 7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

I expect students to follow certain standards of conduct:

- 1. All students are expected to follow the College's Student Conduct Policy see below.
- 2. In order for students to earn marks towards the 3% seminar activities, students need to be in attendance to participate in seminar activities/assignments. There will be <u>no</u> make-up opportunities without a doctor's note.
- 3. Assignments that are copied (identical or plagiarized) between students will be given 0% for ALL students with identical work. If you want to work cooperatively, consult with me ahead of time.
- 4. Tests must be written as scheduled. Make-up tests will only be allowed with proper documentation. You must contact the instructor <u>prior</u> to the test, and provide documentation within 7 days of the missed test date to be eligible for the make-up test.
- 5. Late work will only be accepted in extreme cases. Please schedule your time to meet all due dates.
- 6. Work must be used for this course only.
- 7. It is college policy that "If an instructor remains convinced that there has been a violation [such as plagiarism or cheating], he or she may assign a grade of F for the work involved, or for the course..."

## LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services, or the College web site at camosun.ca.

# STUDENT CONDUCT POLICY
