---

**2. Intended learning outcomes**

- 
- Developing more advanced skills in film exposure, lighting and black and white film printing
  - Investigating more complex creative print and negative manipulation
  - Introduction to large format cameras and negatives, advanced use of medium format
  - Historic and contemporary photography (emphasis on Canadian)
  - Introduction to digital manipulation from scanned black and white film negatives
  - Continued development of research, writing and presentation skills
  - Advancing individual abilities to develop technically, critically and conceptually

**3. Required materials, etc.**

---

**(a) Hallway lockers** You are responsible for renting a hallway locker. In the photo classroom, you have lockable cubbies to hold some of your photography supplies.

**(b) Photography supplies & materials** It is the student's responsibility to have the necessary materials for each class and/or project(s). Not having money to purchase necessary materials is not accepted as a reason for not completing assignments. This semester, expect to spend \$300+ for your supplies.

**(c)** access to the course website for course material **art265.pbworks.com**; I will add you to the website.

**(d)** keeping your **Camlink email address** current as this is how I contact students

**(e) visiting art galleries, attending Camosun's artist talks, field trips, etc.**

As part of your “participation grade” you may have to attend field trips, artist talks, etc. Details will be posted on PBworks.

#### 4. Course Content (see last page for schedule)

---

#### 5. Basis of Student Assessment (Weighting)

---

**Note:** due dates for assignments, critiques, interviews, etc. are FIRM; missing the due date or deadline without medical certification or proof of extenuating circumstances will result in a "0" grade being issued.

	course grade	Due date* <u>Monday class</u>	Due date* <u>Tuesday class</u>
Project #1	25%	Feb 01	Feb 02
Project #2	40%	Mar 14 or Mar 21	Mar 15 or 22
Print portfolio (from various assignments)	15%	Apr 11	Apr 12
Digital portfolio	10%	Handed in at the final interview	Handed in at the final interview
Participation	10%	students evaluated <b>all</b> the time	students evaluated <b>all</b> the time

\*due dates are subject to change

BECAUSE THERE IS MUCH IN-CLASS LEARNING AND EACH CLASS BUILDS UPON THE SKILLS LEARNED IN THE PREVIOUS ONE, MISSING MORE THAN 2 CLASSES PER TERM CAN SERIOUSLY COMPROMISE YOUR ABILITY TO PASS THIS COURSE. Do not book appointments or make other commitments during class and lab times.  
Remember: you need a C GRADE OR HIGHER in this semester's courses in order to earn your diploma this year.

#### Projects (65% total)

Students have 2 major projects; the projects will be introduced in class with details (including objectives, project parameters, timelines, and grading criteria) posted on the course website. When applicable, I must approve the project(s) before you begin. **Note:** Some class and lab time will be allotted for working on the projects but due to the nature of photography (the need to photograph off-site), students must be able to work on projects outside of class time.

Like Art 264, emphasis will be on project concept (level of difficulty and sophistication), project research, concept development, use of time allotted for project, why you used specific photography or photo-based approaches to articulate your idea (concept), presentation and/or installation of work. You will need to defend your creative decisions. I also consider how students problem solve when things go sideways. There are scheduled (mandatory) critiques. Part of the projects includes writing an artist statement which will be graded for its content and relevance to the body of work, as well as its clarity and organization.

### **Print portfolio (15%)**

There will be shooting assignments that will introduce new equipment, creative processes or manipulations, etc. While each assignment is not graded *per se*, it provides the basis for the portfolio. The portfolio prints cannot be pulled from any of your project shoots, or last semester's negatives, or film shot before this current semester.

### **Digital portfolio (10%)**

Students will be required to create a digital portfolio of their work in Art 265. Exact contents for the portfolio will be explained in class. The portfolio will be burned onto a DVD and given to Nancy at the final interview. It will not be returned.

### **Participation (10%)**

- regular class attendance (includes arriving for class on time, and staying for the labs)
- working during class and lab times on photography
- regular participation in group discussions and critiques (without being called upon)
- valuable contributions to discussions & critiques
- signing up for mandatory check-ins or critiques regarding projects
- attending midterm and final interviews
- completing the shooting assignments; handing in assignments on time
- having your photography binder up to date, in order, and with all necessary assignments completed

**NOTE: you are being graded all the time in this course**, not just assignments or final projects at grading critique. Students are evaluated on a variety of things including initiating the project idea (being in the driver's seat of their project); how well s/he can express his/her concepts (at various stages of the project); problem-solving; finding creative solutions to problems that arise; assisting peers through meaningful critiques, etc.

## **6. Photography equipment & materials for sign out**

---

### **Photography equipment & materials for sign out**

Before various equipment or kits can be signed out, you must have been introduced to it during class and understand the proper use and care of the equipment/materials. If you missed the class that went over the demo, you are not allowed to sign that particular equipment/materials out. This may prevent you from completing assignments and thus lose marks.

### **Instructor and technician responsibilities**

As with your other visual arts courses that have an instructor and technician, please be aware that each has specific responsibilities and duties. The **instructor** is responsible for the course itself: the content, assignments, critiquing, assisting students with conceptual and print quality of assignments and projects, and grading. The **technician** is responsible for assisting students with technical aspects—in this case—with the technical aspects of film processing, printing, camera and camera equipment, equipment sign-out, fixing equipment, class demos, etc. Do not ask technicians to critique your ideas or images.

## **7. Learning support and services for students**

---

There are a variety of services available for students to assist throughout your learning. For a detailed list and contact information, visit <http://www.camosun.bc.ca/services/>

**Disability Resource Centre:** <http://camosun.ca/services/drc/>

If a student requires academic accommodations to be made, he/she is responsible for registering with the Disability Resource Centre. All student & instructor interaction with the Centre is completely confidential.

**NOTE:** If there are other matters of which I should be aware because it may affect your participation and/or completion of assignments, it is your responsibility to speak with me immediately, or send an email. Again, such information is confidential.

## 8. Recommended materials or services to assist students to succeed in the course

---

### LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College Calendar, Student Services or the College web site at <http://www.camosun.bc.ca>

### STUDENT CONDUCT POLICY

There is a Student Conduct Policy. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, Registration, and on the College web site in the Policy Section. <http://www.camosun.bc.ca/policies/policies.html>

A. **GRADING SYSTEMS** <http://www.camosun.bc.ca/policies/policies.php>

The following two grading systems are used at Camosun College:

#### 1. Standard Grading System (GPA)

<i>Percentage</i>	<i>Grade</i>	<i>Description</i>	<i>Grade Point Equivalency</i>
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D		1
0-49	F	Minimum level has not been achieved.	0

#### 2. Competency Based Grading System (Non GPA)

This grading system is based on satisfactory acquisition of defined skills or successful completion of the course learning outcomes

<i>Grade</i>	<i>Description</i>
COM	<i>The student has met the goals, criteria, or competencies established for this course, practicum or field placement.</i>
DST	<i>The student has met and exceeded, above and beyond expectation, the goals, criteria, or competencies established for this course, practicum or field placement.</i>
NC	<i>The student has not met the goals, criteria or competencies established for this course, practicum or field placement.</i>

## B. Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy at <http://www.camosun.bc.ca/policies/E-1.5.pdf> for information on conversion to final grades, and for additional information on student record and transcript notations.

<i>Temporary Grade</i>	<i>Description</i>
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that are designed to have an anticipated enrollment that extends beyond one term. No more than two IP grades will be assigned for the same course.
CW	<b>Compulsory Withdrawal:</b> <i>A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.</i>

## 9. Other things to know

- 
- **missing a class or lab** If you absolutely must miss a class or a lab, it is up to the student to talk to classmates to go over missed material and hand outs. The instructor and technician do not teach twice.
  - **use of laptops in the classroom;** Laptops are only allowed during class hours as part of coursework.
  - **lab & classroom cleanliness.** Your classmates are your roommates—everyone cleans up his/her own mess.
  - The last person out of the lab at the end of the day needs to properly dispose of chemistry, hose down the sink, **turn off the water**, lights off
