The schedule on this page is provided to allow you to prepare for your labs in advance. The schedule and exam dates are subject to change as need arises. **Since this is a laboratory based course attendance in the lab is mandatory.** *Students who miss more than 2 hours of lab without a valid medical excuse will be docked 2% of their course mark per lab missed.*

Although labs are performed with a partner, **all written material to be handed in for grading** is to be presented **individually**. Plagiarism, including the copying of any part of assignments, pathogen projects, laboratory reports, quizzes or exams is a serious offense and is considered to be an academic misconduct.

The final lecture exam will be comprehensive; however emphasis will be placed on previously untested material. Students are expected to write all tests and exams when scheduled. It is the student's responsibility to notify the instructor *in advance* if an exam must be missed. The student will be required to provide verification of emergency circumstance (i.e. note from Doctor) in order to write a make-up exam. Please do not schedule vacations during final exam period.

(For these courses a final grade will be assigned to either the 3 rd course attempt or at the point of course completion.)
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.
