#### 5. Basis of Student Assessment (Weighting)

(This section should be directly linked to the Intended Learning Outcomes.)

The final grade for this course will be based on 6 components which include: **three separate mid-term examinations, and group discussion assignments**, (see more details below)

|                       |                  | <b>Weight</b> |
|-----------------------|------------------|---------------|
| Test 1                |                  | 30%           |
| Test 2                |                  | 33%           |
| Test 3                |                  | 16%           |
| Group Discussions (3) | 7% each (7% x 3) | 21%           |
|                       |                  |               |

#### **Mid term Exam 1 (30%):**

The mid-term examination will be held in class on **February 20<sup>th</sup> or February 21<sup>st</sup>** depending on your class section. The exam will consist of true/false, multiple choice questions, and short-answer questions. *There will be one review class before the test.*

### **Mid term Exam 2 (33%):**

The mid-term examination will be held in class on March 13<sup>th</sup>, or Tuesday, March 14 depending on your class section.. The exam will consist of true/false, multiple choice question, and short-answer questions. *There will be one review class before the test.*

### **Midterm Exam 3 (16%):**

The mid-term examination will be held in class on the last day of class, which is **April 12, or April 13<sup>th</sup>** depending on which class you are in. The test will consist of true/false and multiple choice questions, and short answer. *There will be two review classes before the final in light of the fact that it is at the end of term, which tends to be a stressful time for many students. Two review classes will provide time for students to get ready for the last test of the course.*

### **Group Discussion (3 x 7% = 21%)<sup>1</sup>**

*In talking about social phenomena, it is inevitable that we will discuss issues or topics that some may deem to be controversial. While an effort will be made to get students to participate in class discussions on many of these issues, it has been the experience of this Instructor that most students feel intimidated by the prospect of speaking up in class; this is very understandable; making one's opinions heard in a class of 40 or so students can be a daunting experience.*

*In order to alleviate this concern, the class will be broken up into small groups where students can more comfortably express their opinions on a given topic. During the course of the term, three such discussion groups will be held. The instructions for the three group discussions will be identical. Lastly, the three discussion group will require you to read an article which will be handed out in class at least two weeks prior to the day of the group discussion.*

### **INSTRUCTION for the THREE DISCUSSION GROUP ASSIGNMENTS:**

**PART I:** *On your own, read the article handed out in class. On a typed piece of paper – a copy of which is to be handed in at the start of class:*

- a) *Identify 4 weakness of the article. By weaknesses, we are referring to concepts or issues the author does not clearly explain. It could also include poor reasoning, biases, vague statements and the lack of empirical evidence with respect to arguments made in the paper.*
- b) *Suggest 3 ways in which you would improve the quality of the article.*

**PART II:** *On the day of the group discussion, come to class with your individual review, and get into groups of 3-4 people. The group should discuss everyone's work, and then select a recorder who will write down the group's choices with respect to the 4 best articulated weaknesses and suggestions for improvement. The group work will be handed in at the end of class with everyone's name on it. It can*

---

<sup>1</sup> **In order to be fair to all students, the following conduct will be penalized:**

- *Depositing your questions with the instructor or sending them with another student and not participating in the discussions.*
- *Not attending the discussion sessions without a legitimate excuse.*
- *Doing the review sessions before class and then just coming to class to hand in the review session.*

be hand-written or typed. The group can type out the assignment and e-mail it to the Instructor right after class if so desired.

If a student shows up to the group discussion without their individual work, they will not be allowed to participate in the group discussion and will receive a grade of zero on the discussion assignment.

Also, if a student shows up 30 minutes or more late to the group discussion, they will not be allowed to join a group and will have to do the work alone and incur a 30% penalty.

**GROUP DISCUSSION#1:** February 15, or February 9, depending on your class section.

**GROUP DISCUSSION#2:** February 29, or March 3, depending on your class section.

**GROUP DISCUSSION#3:** March 21, or March 22, depending on your class section.

**IF STUDENTS MISS TESTS OR ASSIGNMENTS, OR GROUP DISCUSSIONS, IT IS THEIR RESPONSIBILITY TO CONTACT THE INSTRUCTOR AS SOON AS POSSIBLE WITH RESPECT TO THEIR ABSENCE. IN ORDER TO MAKE-UP THE MISSED COURSE COMPONENT, STUDENTS NEED TO PROVIDE A VERIFIABLE, LEGITIMATE REASON, OTHER WISE THEY WILL RECEIVE A GRADE OF ZERO ON THE MISSED COMPONENT. IN ADDITION, STUDENTS WHO WAIT UNTIL THE TERM IS OVER TO DISCUSS WHY THEY MISSED HANDING IN ASSIGNMENTS, WRITING TESTS, OR TAKING PART IN GROUP DISCUSSIONS, WILL NOT BE ACCOMODATED.**

Academic misconduct will result in a grade of "F" for the entire course. The students should note that in accordance with the college policy quoted above, mere access to unauthorized information (for example, texts or lecture notes) constitutes academic misconduct. It is not necessary for the instructor to prove that the information has been used by the student.

## Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course.
