## **6. Classroom Policies**

### **(a) Contacting the Instructor**

I can be contacted via email, D2L or in person during office hours. All emails should contain "ANTH 104" in the subject line.

### **(b) Attendance**

You are expected to attend lectures as material covered in lecture will be included in the exams, and will augment and supplement the material in the readings. As well, announcements regarding course content and exams will be made in class. I will not provide my personal notes to students who miss class. Attendance in class for in class activities, exams and in class discussions is MANDATORY.

### **(c) Missing/Deferring an in class activity, class discussion or exam**

Failure to attend an in class activity or class discussion will result in a mark of zero, unless I have been informed within 2 working days and an excused absence has been granted. In the case of illness, a medical note is required in order to write a make-up exam or quiz. If you fail to come for a make-up at the scheduled time, the exam will not be further rescheduled unless a medical certificate is presented to me. Unavailability of texts and pressure of other work does not constitute a reason for missing exams or quizzes. Rescheduling a quiz or assignment following an excused absence will be done at the mutual convenience of the student and instructor.

### **(d) Late Assignments**

Unexcused late assignments will result in mark deductions of 10% per day and no feedback will be given. Failure to turn in an assignment will result in a mark of zero. Assignments more than 1 week late will not be accepted. If you are unable to hand-in an assignment on the appropriate day you must make alternate arrangements with me well in advance of the deadline. No assignments will be accepted after the last day of classes without clear documentation of extenuating circumstances and prior consent.

### **(e) Classroom Environment**

While some students may be more comfortable using laptops to take notes, keep in mind that electronic devices are often disruptive to other students. Please mute your speakers and turn off your cell phone or smart phone. If you must use your telephone please step outside the classroom.

Please refrain from using instant messaging, online or video games, Facebook, or using other non-academic programs. Keep in mind that your laptop screen is visible to people sitting behind you, and by engaging in these activities you are not only distracting other students but endangering your own and your friends' privacy. If a student is found to be engaging in these activities during class and disrupting other students, their laptop or smart phone may be confiscated and returned at the end of class.

Discussion and questions in this class are welcome and encouraged, but all discussion participants will be expected to treat others with respect, even if different opinions arise about issues. Anyone acting in a way that is disrespectful to others will be asked to leave the class.
