Class hours are 9:30 to 1:20 with a lab from 1:20 to 4:00. Readings will be assigned from text. Student will be responsible for a research paper generated from a self-selected ceramic artist or period. Works completed from assignments and personal exploration will be presented for critiques scheduled

throughout the term. Grading will occur at midterm and of end of term. Students will participate in all critiques and interviews.

5. Basis of Student Assessment (Weighting)

- (a) Assignments: 60% of final grade will be assessed from completed projects and in class assignments. The focus of evaluation will be on personal growth as reflected in work presented with particular attention to technical competency and integration of fundamental artistic knowledge from pre-requisite classes. A book, journal or web review will be assigned in the beginning of the semester.
- (b) Quizzes: 2 quizzes valued at 10%.
- (c) Exams: no grades attached
- (d) Studio Conduct / Etiquette Grade = 10% Students will start the semester with 10/10 for their Studio Habits grade; marks will be deducted if students neglect to demonstrate safe respectful use of communal facilities, studio interactions and material provisions. This includes returning all A/V equipment within specified borrowing time. Students will be evaluated on their ability to clean up after themselves (or their group) each day before leaving the studio. Works left in common spaces 30 minutes prior to the next class start time, or 9am the next day will result in an immediate deduction of 3% per work (i.e. a painting left out to dry overnight not in designated storage spaces in Y117). Work may only be stored in designated storage areas (or with special permission of instructor and instructional technician). *Failure to properly store, remove or dispose of projects during the semester and / or within the deadlines communicated at the end of the semester will result in a deduction of 5% per work.
- (e) 10% of final grade will be assessed on active participation and attendance in classes and in particular class critiques.
- (f) 10% of final grad will be assessed on book/journal/or web review.

Marks will be deducted for late projects and assignments and absence during critiques and discussions!

* Attendance is one of the main criteria of the involvement and participation category. It is mandatory because class discussion cannot be recreated and therefore not made up if missed. Missing a class without a valid reason will result in a deduction of 5% from your final grade for each class missed.

Missing more than two classes will seriously jeopardize your successful completion of the course. Tardiness will also have the same effect. Involvement and participation will also be evaluated on the level of care and on the quality of your engagement with your work. There is also a final interview for Visual Arts Diploma program students during examination week*, A grade of "C" or higher is required in order to continue in the Visual Arts program.
