They take approximately 1 hour to complete. The top 10 scores count for 9% each toward your final grade for a total of 90% from assignments.

**Special Interest Discussions:** The last section will contain special interest articles on a number of subjects, ranging in topic from mental health to relationships, to sleep issues. You'll be asked to read any two of these that you find personally interesting and to contribute some observations and questions that came up for you while you were reading. These will be submitted to an online group discussion. Each of these contributions will be worth 5%, for a total of 10% from special interest discussions. More information on the format of these contributions can be found at the top of that module.
