Exam 2	November 28	30%

Annotated Bibliography

Topic area: Why is it important to develop a “trauma informed” approach to social work

An annotated bibliography is a list of citations to books, articles, and other documents i.e. policy papers, research studies, the Internet. Each citation is followed by a brief (usually 150 words) descriptive and evaluative paragraph, the annotation. The purpose of the annotation is to inform the reader of the relevance, accuracy, and quality of the sources cited. Creating an annotated bibliography calls for the application of a variety of intellectual skills: concise exposition, succinct analysis, and informed library research.

First, locate and record citations to books, periodicals, and documents that may contain useful information and ideas on your topic. Briefly examine and review the actual items. Then choose those works that provide a variety of perspectives on your topic. Write a concise annotation that summarized the central theme and scope of the book, article, research study etc., Include one or more sentences that (s) evaluate the authority or background of the author, (b) comment on the intended audience, (c) compare or contrast this work with another you have cited, or (d) explain how this work illuminates your bibliography topic.

The annotated bibliography must contain **5 references** and is due in Class on **Wednesday October 31**

Examinations (30% each):

The examinations will be held in class on **Wednesday Oct 17** and **Wednesday Nov 28**. The exams will consist of multiple choice questions, and short answer. You will be tested on all material including assigned readings, lecture material, class discussions, and video presentations.

In-Class Presentation (15%)

Students are required to select one local organization whose focus is similar to one of the topics discussed in the course. Please research the organization (its mission, programs and services) and then situate it in the field of social work and give an in-class presentation based on your research work. Please ensure that you supplement your presentation with 2 additional “credible” reference materials – meaning, do not just use the text book as your only source of information. The presentation is due the week that your topic is scheduled for class discussion. Students are required to work in groups and to submit **one** presentation electronically in power point for the group to the instructor the day you are scheduled to present; each presenter will also be graded individually during their presentation. You will receive a grade of 7.5% (individual mark) and 7.5% (group mark)

Presentation Tips:

1. The presentation must be between 20-30 minutes (shared equally among group members). *It must not exceed 30 minutes or marks will be deducted.*
2. You must use visual aids for your presentation i.e. power point
3. Do not copy every single word used by the author. Stress important points, and give reasons why you support or do not support the author’s perspectives
4. Speak clearly, slowly, and articulately
5. Avoid continual reading from your notes, and make eye contact with your audience
6. Ask and answer questions – part of your task is to facilitate group discussion
7. Present with confidence and remember to be yourself!

6. Grading System

- Standard Grading System (GPA)
- Competency Based Grading System

7. Recommended Materials to Assist Students to Succeed Throughout the Course
