5. Basis of Student Assessment (Weighting)

Grading overview: Student attendance and participation is required in all classes along with the completion of all projects and exercises (including midterm and final review). Late projects will be penalized 5% per day for a maximum of 5 days, after which, a grade of zero will be given.

Each student will be expected to complete assignments on time, and are expected to attend each class and contribute at group analysis of completed works.

6. Grading System

Standard Grading System (GPA)

Competency Based Grading System

There are four components considered for the final grade:

1. **A portfolio of all assigned projects. 70%**
2. **A sketchbook full of Daily Practice & informal exercises** such as self-directed problems, notes, sketches, graphic concepts etc. that offer a personal involvement with Drawing. **10%**
3. **The student's participation in the critical appraisals of their work and in the works of peers.** This will be conducted in both written and spoken form as the course progresses. **10%**
4. **Studio Conduct & Etiquette Grade. 10%.** Students will start the semester with 10/10 for their Studio Habits grade; marks will be deducted if students neglect to demonstrate safe respectful use of communal facilities, studio interactions and material provisions. This includes returning all A/V equipment within specified borrowing time.

Students will be evaluated on their ability to clean up after themselves (or their group) each day before leaving the studio. Works left in common spaces 30 minutes prior to the next class start time, or 9a.m. the next day will result in an immediate deduction of 3% per work (i.e. a painting left out to dry overnight not in designated storage spaces in Y117). Work may only be stored in designated storage areas (or with special permission of instructor and instructional technician). *Failure to properly store, remove or dispose of projects during the semester and / or within the deadlines communicated at the end of the semester will result in a deduction of 5% per work.

Mid-term and End-term Interviews

There will be mid-semester interviews with Visual Arts program students. This will provide the student with an indication of their achievement as artists during the first half of the course.

There is also a final interview for Visual Arts program students during examination week*, and final grades will be posted at a later date. The criteria will be as stated in the student handbook. A grade of "C" or higher is required in order to continue in the Visual Arts program.

A student who attends the course on a regular basis will be given a clear indication of a possible grade anticipated by the instructor from the mid-semester onwards.

Attendance

A student who misses more than two classes cannot expect to pass the course. Should a student miss a class, it is the student's responsibility to contact the instructor regarding their absence.

Factors to be considered in Grading of Work
