4. Course Content

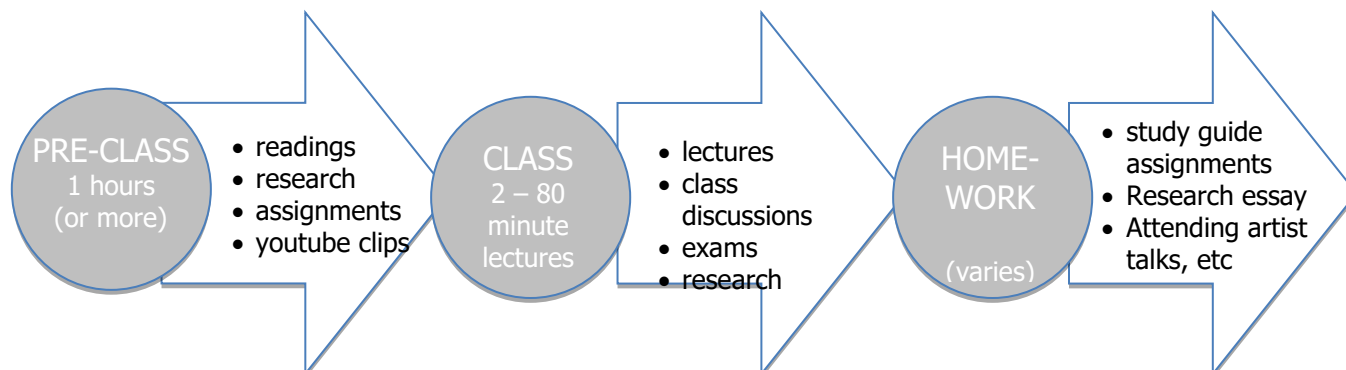

Subject to change without notice; PLEASE CONSULT D2L FOR UPDATES

Welcome to the *fascinating* world of art history! This course explores Western art and architecture beginning c. 1750 and moving chronologically to contemporary art and architecture. As it is clearly impossible to cover all countries, art historical periods, artists, and artistic mediums, only a select few key aspects and artists will be explored. The artistic legacies we do investigate will be considered and discussed according to their meaning(s) and function(s) in relation to the specific society and/or culture that produced the art.

COURSE DELIVERY: using a flipped classroom approach

This course uses a **flipped class approach**, that is, students encounter material before coming to class in the pre-class assignments; the class builds upon that information; the material is then put into action during the lecture and as homework. It is **vital** that all pre-class work is done before coming to class since this knowledge will be assumed.

5. Basis of Student Assessment (Weighting)

An overview of exams and assignments will be discussed in class and/or posted on D2L which outlines deadlines, instructions, grading criteria, etc.	Due date or exam date	weight
Exam 1	Oct. 09	25%
Exam 2	Nov. 13	25%
library assignment for the Academic research essay	Oct. 16 by 10 pm	10%
Academic research essay	Sunday Nov 24 Before 10 pm	25%
Exam 3	Dec. 04	15%

THINGS TO NOTE:

- **Warning:** There may be images, themes, terminology, and class discussions that some students may find uncomfortable, troubling, or controversial. If you feel this is going to adversely affect you or your ability to attend the lectures and/or complete assignments, come & talk with me as soon as possible so we can work together to navigate this.
- this is a university-transfer class (UT class) and so this course is taught at this level; exams and research papers are marked according to a 100 level UT.
- there are no make-up exams or extra assignments to increase your grade.
- I do not share my lecture notes with students so please don't ask
- if you miss a class, there is no need to notify me but do find someone's class notes to copy

EXAMS

Exams are based on a pre-class work, lectures, and homework as well as conducting additional research. Something from every lecture is on the exam. An exam overview will be available ahead of time to assist your exam preparations. Exams will be administered through D2L.

Missed exams. If a student misses an exam due to illness or extenuating circumstances, notify me immediately (voice mail is acceptable). Verifiable written certification (medical note, accident report, etc.) must be produced within 2 (two) week days of missed exam before alternate testing will be arranged—otherwise a grade of “0” will be issued for that exam. The make-up exam is different from the one given in class.

ACADEMIC RESEARCH PROJECT ESSAY

Students will be researching and writing an academic research paper on a specific topic that I will assign. The essay will be 2,500 words of essay text; it will adhere to the format and language of academic papers. To assist students with this project, small assignments will be given to provide instruction but most assignments will not be graded.

Late assignments will be penalized 5% per day—the penalty will be taken off the final grade of the assignment or essay. Assignments will not be accepted after 5 calendar days.

Academic consequences if source material is not cited

Not citing your sources using is a form of plagiarism and, therefore, can only be granted a grade of 0. If you are not sure about when and how to cite your sources, consult your *Style Manual*. Camosun has an **Academic Conduct Policy** and it is the **student’s responsibility** to become familiar with the content of this policy.

requesting an extension for an assignment (not exams)

I do not give extensions on the day the assignment is due, so please don't ask.

If you require an extension, this is the procedure:

-at least 24 hours (or more) before the due date, ask me in person or via email for the extension.

In the email or face-to-face discussion you must:

- tell me **why** you need the extension (extenuating circumstances)*
- indicate or show me **where you are** in the assignment (how much is already completed)
- indicate how much more time is needed to complete the assignment (propose a **new due date**)

I will assess the above information and either grant an extension—or not grant it.

*Extenuating circumstances **do not include** having other assignments to complete the same time my assignment was due; or having to go to your job/work.

Other things to note

- If you must absolutely miss a class, it is up to you to talk to classmates to go over missed material
- you must do all your own work otherwise it is a form of academic dishonesty; for more details:
 - <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.5.pdf>
 - <http://camosun.ca/learn/school/arts-science/images/Arts%20and%20Science%20Academic%20Honesty%20Guidelines.pdf>
- I require your full attention during lecture time. If you are distracting me—or if I see you are disrupting the learning environment of other students (texting, prolonged conversations, etc.)—I will give you one verbal warning in class; if you persist, you will be asked to leave the classroom for the remainder of the day. If you refuse to leave, I will call campus security and have you removed.
- We maintain a respectful learning environment; see student conduct policy:
