2. Group Presentations

20 %

The presentations that students will be making in class will be a group presentation of 10-15 minutes on the group's policy report. All groups are required to meet with the instructor during the designated office hours to discuss the group's presentation topic. All groups must determine collectively the chosen topic of the presentation before the reading break holiday. The presentation dates will be drawn in class.

The presentations MUST, **1) define** one of the contemporary critical issues (define a problem) facing one of the three branches of the Canadian criminal justice system (either police, courts, or corrections), **2) discuss** the manifestations and ramifications of the problem, **3) assess** the existing policies in place that manage the discussed problem/issue, **4) develop/propose** policies/laws/regulations to solve/mitigate the undesired effects of the problem. More instructions about the presentation will be discussed in class.

DUE DATE: VARIOUS (Last few weeks of the term).

3. Assigned readings analysis papers

15%

Throughout the term students are required to **submit 5 analysis papers of their choice from the assigned readings (check the lectures schedule)**. The intended goal of this assignment is to generate in-class discussions and in-group discussions, enhance the students writing skills, and serve as a tool for knowledge pre-assessment. Therefore, online submissions while missing classes will not be accepted/counted. Thus, there will be no opportunity to make up these assignments if you are not in class.

Assignment requirements:

- A. Each submission worth five points and weighs 3% of your total mark.
- B. Every submission must include a concise summary, and your personal analysis/reflection of the assigned reading (250-300 words max).
- C. Students will be asked to share their analysis papers in-class discussions and in-group discussions.
- D. All submissions must be in person in class.
- E. Every submission must be based on an assigned reading that has NOT been discussed in class, not after. Therefore, submitting five analysis papers altogether prior to the end of the term will not be accepted.

5. Exams

50%

First mid-term 20%

Final exam 30%

There will be a mid- term exam 20%, and a final exam 30%. The exams will consist of some combination of true/false statements, fill-in the blank, multiple choice, short answer questions, and short essay responses. The format of each exam (e.g., number of questions will be discussed in class). Check the designated review classes listed below in the lecture schedule.

The final exam will be 30% cumulative; emphasis will be more on materials covered after the Mid-term. More specific guidance regarding the cumulative portion of the final exam will be provided during the last week of class (**Review class**).

6. Grading System

Standard Grading System (GPA)

Competency Based Grading System

7. Recommended Materials to Assist Students to Succeed Throughout the Course

INSTRUCTIONAL POLICIES

1. Attendance and Participation

Regular attendance and participation in class is required. It is expected that students will arrive to class on time and that, during class, students will be attentive, non-disruptive, open-minded, constructive, and respectful of others. For exams, students who arrive more than 15 minutes late, or after the departure of a student who has finished writing the exam, will not be permitted to write the exam.

2. Late Penalty

Students having a legitimate concern about meeting the due dates should consult with the instructor well in advance.

All assignments must be completed and submitted by the date assigned (midnight maximum). All late written assignments will be penalized by 20% of the total mark per day.

3. Written Assignment Requirements

Written assignments for this course must be typewritten and double-spaced and follow the writing guide instructions. Written assignments must be submitted to the instructor at the beginning of class on the due date. Assignments received at the end of class, emailed, or not given directly to the instructor as noted may be penalized as defined under #2.

All assignments submitted for evaluation must be original and produced for the purposes of this course only. All assignments must be prepared by each student individually, unless I have given permission for a group submission.

4. Plagiarism

If you are concerned about your ability to properly credit and cite references, please see me ASAP. I am here to help you.

Plagiarism is considered a serious academic offense. If plagiarism is documented by your instructor, the penalty will be an automatic "0" for that assignment. A general rule to follow is that 5 or more consecutive words taken from a document or other source should either be placed in quotations and referenced appropriately, or, paraphrased and credited using a parenthetical citation.

5. Cheating/Academic Dishonesty/Student Conduct

The Criminal Justice Department has a clearly articulated policy on cheating and student conduct, as does the College. Cheating may result in suspension and the potential loss of a career in the criminal justice field. Please refer to a current College Calendar for further information.

6. Course Withdrawal

March 13, 2020 is the last day to withdraw from this course and other Winter 2019 courses without academic penalty. For further information check Camosun College's "important dates" webpage:

<http://camosun.ca/learn/fees/#deadlines>

7. Mark/Grade Challenges and Appeals

A student who is seeking to question a mark and/or informally resolve a grade appeal with the course instructor must clearly articulate in writing the specific element of the test or assignment being questioned and provide written reasons/arguments supporting why the mark/grade should be changed. The College appeals process is outlined on Camosun College Calendar online.

8. Student Responsibilities

It is each student's responsibility to familiarize her/himself with course/program and college policies. Students experiencing difficulties throughout the semester are encouraged to talk to the course instructor at the earliest opportunity.

8.1. MISSED TERM EXAMS: When students miss an exam, test, or quiz the instructor should be notified of the reason **before the exam**. In general, some type of official documentation is required in order to obtain an excused absence.

8.2. Excused absence due to illness. When students seek an excused absence because of illness, an official medical note is required.

8.3. Excused absence due to extenuating circumstances. In addition to illness, acceptable reasons for an excused absence are jury duty or court subpoena, death in the family, or other emergency approved by the Instructor.

It is the student's responsibility to keep up with class work when they are absent from class. Absence from class will not be accepted as a legitimate reason for failure to attend an exam on time.

Students must contact the instructor prior to missing an exam to determine whether they qualify for an excused absence.

8.4. ELECTRONIC DEVICES: Cell phones and other electronic devices are to be turned off during lectures, and group discussions (except under exceptional circumstances in which approval has been granted by the instructor). Laptop use is permitted only for taking class notes and/or following PowerPoint slides. The use of electronic devices for entertainment during lectures is not permissible. **Students who do not comply with this policy will be excused from the class.**

8.5. Email Access: it is the students' responsibility to maintain access to the assigned Camosun email. If you encounter technical difficulties, please request the support of the technical support desk located in the library.
