Additional Expectations

Guidelines for preparing and submitting written assignments

All formal written assignments for this course should be typed according to the assignment requirements. All papers should be clearly marked with your name and submitted on time, as a PDF, through D2L Assignments.

Late and Missing Assignments – Late assignments will only be accepted for 5 school days past the due date, will lose 10%, and will receive a grade only (no comments). If you must hand in something late, please communicate with me by email beforehand.

- Requests for extensions (up to 5 days) made prior to the assignment due date will be considered on a case-by-case basis.
- I do not allow re-writes of any kind. We do not have the time.
- Please do not email assignments to me. Please submit your work to D2L.

For Your Records – Be sure to keep all rough drafts, final drafts and graded assignments until the end of term. In the event of a computer failure or a grade discrepancy, these documents will be critical. Always, always back up your files. If you don't already have cloud-based file storage, consider using one of the many file storage platforms available. See me if you'd like more information.

Collaborative Writing – In this course, you will have the option of co-authoring one or more documents. Any sort of collaborative effort demands a lot of those involved. Consider your strengths and weaknesses as a team member, and ensure you put in your best effort while accomplishing the tasks laid out for you in the team-based assignments.
