## 5. Basis of Student Assessment (Weighting)

---

(a) Lecture Quizzes (30%):	Once per week (starting week 2), you must complete an online quiz with questions about the recorded lectures. Each quiz is worth a little over 2% of your final grade (there are 14 quizzes, but the lowest grade will be dropped). More information about this assignment will be provided on the course website.
(b) Case Study Assignments (55%)	Once per week (starting week 3), you must complete an assignment in preparation to talk about each book chapter (i.e. case study). You will use this in your discussion with a small group every week. Each assignment is worth 5% of your final grade (there are twelve assignments, but the lowest grade will be dropped). More information about this assignment will be provided on the course website.
(c) Small Group Discussions (15%)	Once per week, you will meet virtually to discuss the lecture and book chapter with your fellow students. During this discussion, you will have an assignment to complete. Each assignment is worth about 1% of your final grade, and all students in the group receive the same grade. More information about this assignment will be provided on the course website.

---

### Missed Assignment Policy

If you miss a quiz or do not hand in your case study preparation assignment on time and you have a reasonable excuse (illness, accident, family affliction, religious obligations, etc.), please contact me as soon as possible to discuss options to make up your work. If you do not have a reasonable excuse, a missed quiz or assignment will receive a grade of zero. If you miss the group discussion and you have a reasonable excuse, your participation in that week's discussion will be waived (it will not count for or against you and the remaining discussions will simply be worth a little more out of the total 15%).

Please note: If you do not complete all required work for this course, you may be denied a passing grade.
