4. Course Content and Schedule

METHOD OF INSTRUCTION:

This course consists of one lecture per week ***Tuesday 6:00 pm to 7:20 pm with a designated Quiz period after the class at 7:20 pm-8:50 pm***. Students are expected to complete assigned readings on time, and to come to our on-line class prepared to discuss those readings. Occasional video presentations are scheduled. The course will be based on a series of lectures, followed, at times, by seminar-type discussions in which the students are required to participate.

MEETING WITH THE INSTRUCTOR:

Email: I teach a number of classes and have between 80-120 students in a semester. I do not email on weekends but will respond to you within 24 hours from Monday to Friday. When emailing me please include your first and last name, the name of the class and section number, and an appropriate subject in the subject line (e.g. I have a question about the group project).

On-Line: I have regular office hours on-line *or by appointment*. My experience teaching shows that students often ask the same questions through email, and for consistency and knowledge sharing purposes, I will address most general questions during the last 5-10 mins of class once per week which is designated as Q/A. This does not mean it is time to sign off/leave class. You are expected to participate with questions during this time or by active listening and note taking. If you are not clear on anything related to the course such as class procedures and policy, expectations, or content this is the time we will discuss these issues in an open and transparent format. If you have more specific questions related to content you would like to discuss in more detail then I encourage you to come visit me during my on-line office hours. If you require an appointment, we can make arrangements to connect on-line or by phone outside of my daily office hours.

PROCEDURE CHANGES

In order to deal with the day-to-day management of the course, new procedures may be implemented from time to time throughout the semester. Such procedures will be announced in class sessions before they are implemented. It is the responsibility of the student to keep informed of such developments. All other matters that are not covered by this course outline are governed by official college policies and procedures.
