EVALUATION OF LEARNING

DESCRIPTION	WEIGHTING
Assignments	15%
Two term tests (@ 17.5%)	35%
Final Exam	30%
Laboratory work	20%
TOTAL	100%

If you have a concern about a grade you have received for an evaluation, please come and see me as soon as possible. Refer to the [Grade Review and Appeals](#) policy for more information.

COURSE GUIDELINES & EXPECTATIONS

- a. Students **must** attend the first laboratory meeting which is on safety in the laboratory and general laboratory procedure.
- b. You must wear safety glasses and a laboratory coat at all times while an experiment is in progress. You will not be allowed to perform an experiment if you are not wearing the required safety equipment.
- c. If you **miss an experiment** you will be given a mark of **zero** for the experiment unless you have a valid medical reason or family emergency, in which case supporting documentation must be supplied.
- d. You can miss no **more than TWO** laboratory classes during the course in order to obtain a passing mark for the laboratory portion of the course.
- e. You **must pass both the lecture and laboratory** portions of the course separately in order to obtain a passing grade overall.
- f. If you miss a midterm test the weighting from that test will be transferred to the final exam. The only exception will be for a valid medical problem or family emergency, in which case supporting documentation must be supplied and an alternative test will be arranged.
- g. If it is advantageous to the student, if either, or both, the term test marks are inferior to the final exam mark, the weighting will be replaced by an equal weighting from the final exam.
- h. Late submissions of laboratory reports and/or assignments will be penalized and none accepted if more than five days past the deadline.
