Online Exercises: The purpose of the exercises is to practice grammar, vocabulary, listening and reading comprehension. After each class, the exercises will be announced or posted on D2L. Students' mark for the exercises is not based on the number of correct answers, but rather on thorough completion and demonstration of practice to improve understanding of the class content.

Vocabulary Exercises: This assignment is to facilitate learning vocabulary. Students are required to complete a few learning activities online. Details will be discussed in class.

Speaking & Writing practices: Students are required to practice speaking with their classmates on Blackboard Collaborate a minimum of twice a week and it is required for students to record each practice. During or after each lesson students will practice a small composition including Hangeul. Evidence of using any translators will result in a zero on the assignment. Details will be discussed in class.

Oral interview: To assess communicative skills, students will have an interview with your instructor at the end of the semester. A list of questions will be provided in advance. Details will be discussed in class.

Open-Book Quizzes: There will be Hangeul and lesson quizzes to facilitate understanding of Korean language taught in class. For Hangeul quiz, it will include mainly identifying target Hangeul sounds and writing basic sounds. For lesson quizzes, it will include listening comprehension and sentence building, etc. Quizzes will be cumulative; each quiz will increase in value by 1%. Quiz #1=5%, #2=6%, #3=7%, #4=8%, #5=9%.

Class Attendance & Participation: For the synchronous class, it is important to attend class regularly and to be prepared for each class while you are learning a new language. Students are also expected to study on their own such as watching video clips and doing vocabulary exercises before the class and to participate in a variety of class activities as a group. It is expected for students to submit their practice records as requested. Student participations will be monitored in each class.

MAKE-UP for missed quizzes or interviews are available due to your illness or accidents, etc. Please notify the instructor before the due date to make an alternative arrangement.

Communication: If you have any questions or concerns, please contact me by email. I will try to respond within 24-48 hours and also, I can make an arrangement to meet online via Blackboard Collaborate. If your question is related to the course content, I encourage you to post it in the discussion so that other students may benefit from our conversation threads. I care about each student and it is my pleasure to see students succeed. If needed, please don't hesitate to contact me.

Typing in Korean: For this course, it is important to learn and practice typing in Korean to do the class work as most of the communication is done through typing these days (e.g. email and chatting).
