Students must watch the introductory Laboratory Safety video before the first laboratory class. Safety glasses must be always worn in the laboratory. Students who forget or refuse to wear the required safety equipment will not be allowed to participate in the laboratory.

A student must pass the lecture and laboratory portions separately to be eligible to pass the course. If it is advantageous to the student, the mark of the four term tests can be replaced by a final exam, with equal weight of the four term tests combined. There are no make up dates for exams, unless previously arranged by the instructor.

No late laboratory reports will be accepted, unless prior permission has been granted by the CAL or the instructor. All quizzes and laboratory reports are weighted equally.
