If you have a concern about a grade you have received for an evaluation, please come and see me as soon as possible. Refer to the [Grade Review and Appeals](http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.14.pdf) policy for more information.

Late assignments, including work not submitted due to missing a class, will be penalized 2% per day to a maximum of 5 days, after which a zero will be given (weekends will be counted as one day). Extensions will only be granted prior to assignment deadlines and must be requested and

agreed upon thorough student-initiated consultation / negotiation with their instructor (this includes all forms of accommodation).

There will be mid-semester indication of student achievement during the first half of the course. A student who attends the course on a regular basis will be given a clear indication of a possible “F” or “P” grade anticipated by the instructor from the mid-semester onwards.

** Attendance in class is one of the criteria of the involvement and participation category. It is mandatory because class discussion cannot be recreated and therefore not made up if missed. Missing a class without a valid reason will result in a deduction of 5% from your final grade for each class missed. Missing more than two classes will seriously jeopardize your successful completion of the course. Tardiness will also have the same effect. Involvement and participation will also be evaluated on the level of care and on the quality of your engagement with your work.*
