## COURSE GUIDELINES & EXPECTATIONS

---

**Lecture Attendance** To get the most out of this course, students are expected to attend all classes and be on time. It is your responsibility to acquire all information given during a class missed, including notes, hand-outs, changed exam dates etc. Seminar Attendance Seminar participation is essential to the course objectives, and largely involves discussion of the weekly topic and assigned readings or activities. It is also an opportunity for students to ask questions and learn from each other. The participation grade is assigned based on the level of your constructive engagement in the weekly classes and field trips.

**Due Dates and Late Assignments** The due dates are established in accordance with the course and term duration. The purpose of the due dates is to help both you and I to get the assignments done so that they can be assessed in a timely manner. Just as you need time to complete the assignments, I need enough time to grade them. As such, the due dates are fixed (unless you have an approved academic accommodation through CAL) and it is expected that students will hand in assignments on time. Assignment marks, comments, and feedback will be returned to students in a timely manner, usually within 1-3 weeks, depending on the length of the assignment. All assignments must be handed in by the time indicated (on the assignment, or on D2L). Late assignments may be graded but marks equivalent to 5% of the total value of the assignment will be deducted for up to three days, inclusive of days on the weekend, past the deadline; 10% from 3-7 days. If assignments have already been marked and returned, a late assignment will not be accepted. Assignments will not be accepted that are late more than seven days, inclusive of days over the weekend.
