## COURSE GUIDELINES & EXPECTATIONS

---

### Lecture Attendance

Students are expected to attend all lectures. Lecture slides will be provided in advance but some testable material will only be covered during lecture. Students are expected to take written notes. It is the student's responsibility to acquire all information given during a class missed, including notes, hand-outs, changed exam dates etc.

### Lab Attendance

Lab participation is mandatory. There are no make-up labs for students who miss lab activities without a valid reason. Students who cannot attend specific labs due to conflicts from placements, athletic competition, etc. are responsible for arranging attendance of an alternative lab section with the instructor beforehand.

### Quizzes and Quiz Due Dates

Online quizzes covering textbook readings will be posted approximately every two weeks. Quizzes can be attempted twice. To ensure that readings (and quizzes) are completed in a timely manner, each quiz will have an approximate two-week window for completion with multiple notifications (in class, via D2L calendar, etc.). No extensions will be granted for missed reading quizzes, without exception.

### Due Dates and Late Assignments

All assignments must be handed in by the time indicated (on the assignment, or on D2L). Late assignments may be graded but marks equivalent to 10% of the total value of the assignment will be deducted for each day, inclusive of days on the weekend, past the deadline. If assignments have already been marked and returned, a late assignment will not be accepted.

### Exam Procedures

All exams must be written at the scheduled times with the exception of students requiring an accommodation by CAL. It is understood that emergency circumstances do occur (e.g. severe illness or family emergency); for such circumstances accommodation may be offered at the discretion of the instructor, provided the student:

- a) notifies the instructor in advance of the exam (not after), and
- b) provides documented evidence of the circumstance (e.g. medical certificate).

If an exam is missed with an excused absence, it is up to the instructor's discretion as to how the mark will be made up.

Be sure not to make travel plans for the end of semester until the final exam schedules are finalized and posted. Please ask any family members who might make travel plans on your behalf to consult you before booking tickets.

Please note: the use of cell phones and/or earbuds during a test is not allowed and may result in a zero for that assessment.

## Study Habits

A weekly minimum of 6 hours study outside of scheduled class time is expected for the completion of readings, quizzes / assignments and for general studying of lecture notes. Lecture presentations will be uploaded to the course website, but should be used as a study guide, not as your sole source of information. Students are expected to take notes during lectures and to supplement lecture notes with relevant details from readings. It is a recommended practice to transform lecture notes into a study-friendly format after each lecture, incorporating additional information from your textbook.

## STUDENT RESPONSIBILITY

---

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.
