COURSE SCHEDULE, TOPICS, AND ASSOCIATED PREPARATION / ACTIVITY / EVALUATION

Course timelines and due dates are found in D2L (e.g., Dropbox and Discussion forums). This course is online delivery and includes discussions, reflections, student-directed research, and presentations.

Participation

Students participate in asynchronous activities with instructors and peers, contributing their knowledge and insights to weekly discussion forums, team pod activities and through a self-determined project. In this interprofessional education experience, differing perspectives are valued and encouraged to create a positive and effective learning environment.

Due to the short and intense nature of the MHACJ program, courses are planned as a continuum for building skills and knowledge to enhance competencies for working in criminal justice, mental health, and addiction services. Assignments, activities, and course content are integrated for meeting learning outcomes to successfully pass the course. Participation in D2L includes effective interpersonal communication and engagement skills including respectful dialogue.

Technology

Students are strongly encouraged not to communicate on social media platforms with regard to Program and Course content and activities due to their exclusionary and time-consuming nature. Demonstration of course outcomes includes participation in discussion forums so instructors can assess participation in this context. The D2L platform offers various means of communication, such as messaging or sharing events and resources through the Student Communication forum

The following schedule and course components are subject to change with reasonable advance notice, as deemed appropriate by the instructor.

Weekly Schedule

Week	Dates	Module	Activities
1	Jan. 10-Jan. 16	Enhancing Positive Relationships	Challenge activity
2 & 3	Jan. 17-Jan. 30	Case Management and Challenging Behaviors	Case Studies

Students registered with the Centre for Accessible Learning (CAL) who complete quizzes, tests, and exams with academic accommodations have booking procedures and deadlines with CAL where advanced notice is required. Deadlines can be reviewed on the [CAL exams page](http://camosun.ca/services/accessible-learning/exams.html). <http://camosun.ca/services/accessible-learning/exams.html>

EVALUATION OF LEARNING

Details of discussion and project assignments will be provided in D2L Content. Assessment includes APA writing and format (e.g., headings, spacing, citations); other elements for grading include spelling, grammar, and length adherence. Resources for writing, formatting, and referencing are posted in D2L Content and are available at the Camosun Writing Centre and Library.

Assignments must be submitted in Word or PDF format; OpenOffice users can “save as” Microsoft Word (.doc/x) before posting. Students are responsible for maintaining an electronic copy of all submitted work until completion of the MHACJ Program (coursework from one course is foundational to another).

Students may find the D2L Locker useful for work in-progress until uploaded for submission. All assignments must be submitted within 24 hours of the last scheduled week of class and demonstrate knowledge and skill at a grade level of “C” or higher for consideration toward successful completion of the course.

COURSE GUIDELINES & EXPECTATIONS

Due Dates

Due dates are thoughtfully determined to maximize the application of concepts for students to demonstrate mastery as well as to provide a foundation to build on further course content (most courses are progressive in nature). Assignments are to be uploaded **electronically** (including D2L posts and reflections) to the designated area (e.g., Dropbox or Discussion forum) by 10pm on the due date, unless otherwise specified.

Late Policy

In fairness to all students, late assignments are deducted 5% per 24-hour period after the first 15 minutes of due time. Students may arrange with the instructor for an extension of an assignment before the due date; verifying documentation is required. "Documentation" may take multiple forms (e.g., communication from a counselor/ professional, emergency room discharge papers, and dated subpoena). Those with a Letter of Accommodation from the Centre for Accessible Learning (CAL) must have previously identified arrangements, as negotiated with the instructor at least 48 hours before due time. Typically, an extra two calendar days will be granted.

We recognize that there are multiple factors that could impact a students' ability to complete assignments on time. It is assumed that students work diligently, may forego other enjoyable activities, and employ good time management skills to meet deadlines. Even with the best intentions and strategies, unexpected situations can arise. Instructors hold no judgment of students who make the decision to take a day or two more to complete an assignment. The late deduction is often well-worth gaining extra time to complete the assignment with better learning outcomes and decreased stress.

If a student needs extra time **without** documentation (e.g., Letter of Accommodation):

- the deduction is on the mark obtained, not on the value of the assignment. For example, if the mark achieved is 18/20 and work submitted up to 24 hours late (by due time the next day), the late deduction is .9 (18 x 5%). If two days late, the deduction is 1.8 (18 x 10%).

We are supporting students to demonstrate competencies to successfully pass a course. If original submission does not achieve a mark of 60%, the student must re-submit to demonstrate knowledge/skill at "C" or higher.

Late deduction marks are applied for days an assignment is initially late, as well as days after the instructor returns an assignment to the student for re-submission. Assignments over 20 days past due do not earn marks (20 days x 5% = 100% deduction) but must be completed and assessed at a 60% knowledge/skill level. The intention is that a student demonstrates passing level knowledge/skill.
