

COURSE SYLLABUS

COURSE TITLE: BIOL-103: Non-Majors General Biology

CLASS SECTION: 001AB

TERM: Fall 2022

COURSE CREDITS: 4

DELIVERY METHOD(S): In Person

Camosun College campuses are located on the traditional territories of the Lək̓ʷəŋən and W̱SÁNEĆ peoples. We acknowledge their welcome and graciousness to the students who seek knowledge here.

Learn more about Camosun's [Territorial Acknowledgement](#).

For COVID-19 information please visit <https://legacy.camosun.ca/covid19/index.html>.

Camosun College requires mandatory attendance for the first class meeting of each course. If you do not attend, and do not provide your instructor with a reasonable explanation in advance, you will be removed from the course and the space offered to the next waitlisted student.

INSTRUCTOR DETAILS

NAME: Dr. Scott Parks

EMAIL: parkss@camosun.ca

OFFICE: Fisher 250A

HOURS: Tuesday-Wednesday, 3pm-4pm, or by appointment

As your course instructor, I endeavour to provide an inclusive learning environment. However, if you experience barriers to learning in this course, do not hesitate to discuss them with me. Camosun College is committed to identifying and removing institutional and social barriers that prevent access and impede success.

CALENDAR DESCRIPTION

This course is for the student interested in learning about the basics of the structure and function of living beings. Topics include cell biology, human anatomy and physiology, basic principles of biochemistry, genetics and nutrition.

PREREQUISITE(S):

One of:

- C in English 12
- C in Camosun Alternative

CO-REQUISITE(S):

Not Applicable

EXCLUSION(S):

Not Applicable

COURSE LEARNING OUTCOMES / OBJECTIVES

Upon completion of this course a student will be able to:

1. Describe the concept of homeostasis.
2. Explain how basic physicochemical changes can impact cell function.
3. Work in a culture of scientific endeavor and use critical thinking skills.
4. Identify the critical roles played by water in the maintenance of life on earth.
5. Explain the structures and roles of biological macromolecules, particularly carbohydrates, proteins and lipids.
6. Describe the complexity and diversity of cellular ultrastructure and the functions of significant cellular organelles, in particular chloroplasts, mitochondria, ribosomes, Golgi apparatus, cilia and flagellae.
7. Describe basic metabolism and energy producing pathways within the cell.
8. Explain the concept of the gene in the contexts of both Mendelian inheritance as well as the biochemical expression of genetic information.
9. Relate the structure of nucleic acids to the storage and replication of genetic information.
10. Explain the mechanisms used to regulate and translate genetic information into the assembly of functional proteins.
11. Describe the interactions between the environment and long-term changes in genetic information, particularly in consideration to neoplasia.
12. Describe the anatomy of the human digestive, cardiovascular and excretory systems and explain how the physiology of these organ systems is related to organization at the molecular and cellular level.
13. Describe the structure and explain the functions of the human immune system. Apply this knowledge to immune dysfunction, particularly allergies and AIDS.

REQUIRED MATERIALS & RECOMMENDED PREPARATION / INFORMATION

REQUIRED FOR FIRST WEEK OF CLASSES:

- a) **Microsoft Word and Excel**
 - i. FREE version of Microsoft 365 is available: <https://webservices.camosun.ca/o365-opt-in/>
 - ii. Please contact IT support if you have issues: <http://camosun.ca/services/its/contact.html>
- b) Hard copy of **BIOL 103 Lab Manual 2022**
 - i. Available for purchase at Campus Bookstore, or
 - ii. Available for download and print on our D2L website
 - iii. Labs must be read and pre-lab questions must be completed prior to arrival for lab sessions
- c) **D2L Resources**
 - i. Lecture PowerPoint Slides and articles are available each week for download and printing, should be brought to each lecture

OPTIONAL:

- a) **Open Stax Biology 2e** textbook
 - i. FREE online access to relevant chapters via <https://openstax.org/details/books/biology-2e>
 - ii. Printed copies of select chapters available for purchase at Campus Bookstore

COURSE SCHEDULE, TOPICS, AND ASSOCIATED PREPARATION / ACTIVITY / EVALUATION

The following schedule and course components are subject to change with reasonable advance notice, as deemed appropriate by the instructor.

Lectures: 001AB Tuesdays 4:00pm-5:20pm F268
 001AB Wednesdays 4:00pm-5:20pm F266

Labs: 001A Tuesday 6:30pm-9:20pm F226
 001B Thursday 9:30am-12:20pm F226

Tuesdays and Wednesdays

Tuesday(1A)/Thursday(1B)

Week	Dates	Lecture Topic/Activity	Textbook	Lab Topic/Activity
1	06-Sep	1- Biology	1.1	NO LABS
	07-Sep	2- Science	1.2	
2	13-Sep	3- Chemistry	2.1	Lab 1- Science
	14-Sep	4- Water & pH	2.2	
3	20-Sep	5- Macromolecules	2.3	Lab 2- Water & pH
	21-Sep	6- Cell Biology	3.2 & 3.3	
4	27-Sep	7- Membranes & Transport	3.4 – 3.6	Lab 3- Microscopes & Cells
	28-Sep	8- Energy & Enzymes	4.1	
5	04-Oct	Lecture Exam #1 (12.5%)		Lab 4- Osmosis
	05-Oct	9- Cellular Respiration	4.2-4.4	
6	11-Oct	10- Mitosis	6.1-6.3	NO LABS
	12-Oct	11- Meiosis	7.1-7.3	
7	18-Oct	12- DNA Replication	9.1 & 9.2	Lab 5- Enzymes
	19-Oct	13- Protein Synthesis	9.3 & 9.4	
8	25-Oct	14- Mutations		LAB EXAM #1 (10%)
	26-Oct	15- Genetics I	8.1 & 8.2	
9	01-Nov	15- Genetics II	8.3	Lab 6- Cell Cycle and Cancer
	02-Nov	Lecture Exam #2 (12.5%)		
10	08-Nov	16- Gene Regulation	9.5	Lab 7- Genetics
	09-Nov	17- Histology		
11	15-Nov	18A- Homeostasis & Nutrition	11.1	Lab 8- Nutrition & Digestion
	16-Nov	18B- Digestive System	11.2	
12	22-Nov	19- Urinary System	11.1	Lab 9- Anatomy Pt 1
	23-Nov	20- Respiratory System	11.3	
13	29-Nov	21- Circulatory System	11.3	Lab 10- Anatomy Pt 2
	30-Nov			
14	06-Dec	22- Immune System	12.3-12.4	LAB EXAM #2 (10%)
	07-Dec			
Dec 12-20		Final Exam (20%, Date TBA)		

Students registered with the Centre for Accessible Learning (CAL) who complete quizzes, tests, and exams with academic accommodations have booking procedures and deadlines with CAL where advanced noticed is required. Deadlines can be reviewed on the [CAL exams page](http://camosun.ca/services/accessible-learning/exams.html). <http://camosun.ca/services/accessible-learning/exams.html>

EVALUATION OF LEARNING

DESCRIPTION	WEIGHTING
Pre- and In-Class Lecture and Lab Activities	5%
Quizzes	5%
Weekly Lab Assignments (10)	25%
Lecture Exam #1- Tuesday, Oct 4	12.5%
Lecture Exam #2- Wednesday, Nov 2	12.5%
Lecture Exam #3- Date TBA	20%
Lab Exam #1	10%
Lab Exam #2	10%
TOTAL	100%

If you have a concern about a grade you have received for an evaluation, please come and see me as soon as possible. Refer to the [Grade Review and Appeals](http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.14.pdf) policy for more information. <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.14.pdf>

Details of Assessment:

Pre- and In-Class Lecture and Lab Activities (5%)

In-class lecture and lab activities typically act as learning opportunities, with major weighting to participation and completion. Students are expected to attend all lectures and labs, barring any illness or emergencies, so a missed activity will result in a missed grade. Lab manual must be read in advance of the lab period and pre-lab work must be completed prior to arrival.

Lab Assignments (25%)

All assignments are typically done outside of class time, so students can fine tune and fully complete their work. Assignments must be submitted on time for prompt grading and return (late work is not accepted). Submissions are expected to be neat and legible with all key course information (full name, course, section, date) at the top of the document, please!

Exams (45%)

Exams will take place during regular lecture hours and are all closed-book (no notes of any kind). Final exam will take place during exam period and will be cumulative. DO NOT book travel before learning the exam schedule. More details on the format and content later in the course.

Lab Exams (20%)

Lab Exams take place during regular lab hours and are strictly on lab materials. Lab Exams are non-cumulative and are hands-on in nature. More details on the format and content later in the course.

COURSE GUIDELINES & EXPECTATIONS

Weekly Habits

This course is FUN but full of content and information. Missed lectures/labs and poor study habits can lead students struggling in the course. To do well, time management is key. Come to each lecture and lab prepared, having pre-read the material and reviewed any relevant videos or chapters. Regularly check D2L for updates and communications. Before anything else, mark your calendars with important dates and deadlines listed in this outline and look ahead to what is due as you progress. These habits will help you throughout your academic career.

Common Challenges

In this science-based course, many students struggle with the amount of content covered. When completing assignments, cheating and plagiarism are often more likely to occur as students lack the confidence to complete their work on their own and seek outside support. The consequences for cheating and plagiarism are outlined by Camosun College policies (see <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.5.pdf>). Please reach out if you need support BEFORE it becomes an academic integrity issue!

Office Hours

Students are *highly* encouraged and invited to visit office hours throughout the term. Office hours are a great chance to check in, review assignment details, tests, or content, get time management strategies and study tips, or share interesting new articles and pictures. Students who check in typically gain accountability with the course and their grade demonstrates this. Don't be shy, take advantage of your resources and come say hi (think of how much of life is assisted by a chat over a cup of coffee or tea!)

Science Help Center

If a student is ever confused or uncertain about a concept or assignment and would prefer a different approach, the science help center offers free tutoring and support to all Camosun students. View their hours via <https://camosun.ca/services/academic-supports/help-centres/science-help-centre>

I look forward to engaging with you this term to learn about the amazing world of biology!

STUDENT RESPONSIBILITY

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.

SUPPORTS AND SERVICES FOR STUDENTS

Camosun College offers a number of services to help you succeed in and out of the classroom. For a detailed overview of the supports and services visit <http://camosun.ca/students/>.

COLLEGE-WIDE POLICIES, PROCEDURES, REQUIREMENTS, AND STANDARDS

Academic Accommodations for Students with Disabilities

The College is committed to providing appropriate and reasonable academic accommodations to students with disabilities (i.e. physical, depression, learning, etc). If you have a disability, the [Centre for Accessible Learning](#) (CAL) can help you document your needs, and where disability-related barriers to access in your courses exist, create an accommodation plan. By making a plan through CAL, you can ensure you have the appropriate academic accommodations you need without disclosing your diagnosis or condition to course instructors. Please visit the CAL website for contacts and to learn how to get started:

<http://camosun.ca/services/accessible-learning/>

Academic Integrity

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.13.pdf> for policy regarding academic expectations and details for addressing and resolving matters of academic misconduct.

Academic Progress

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.1.pdf> for further details on how Camosun College monitors students' academic progress and what steps can be taken if a student is at risk of not meeting the College's academic progress standards.

Course Withdrawals Policy

Please visit <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.2.pdf> for further details about course withdrawals. For deadline for fees, course drop dates, and tuition refund, please visit <http://camosun.ca/learn/fees/#deadlines>.

Grading Policy

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.5.pdf> for further details about grading.

Grade Review and Appeals

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.14.pdf> for policy relating to requests for review and appeal of grades.

Mandatory Attendance for First Class Meeting of Each Course

Camosun College requires mandatory attendance for the first class meeting of each course. If you do not attend, and do not provide your instructor with a reasonable reason in advance, you will be removed from the course and the space offered to the next waitlisted student. For more information, please see the "Attendance" section under "Registration Policies and Procedures" (<http://camosun.ca/learn/calendar/current/procedures.html>) and the Grading Policy at <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.5.pdf>.

Medical / Compassionate Withdrawals

Students who are incapacitated and unable to complete or succeed in their studies by virtue of serious and demonstrated exceptional circumstances may be eligible for a medical/compassionate withdrawal. Please visit <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.8.pdf> to learn more about the process involved in a medical/compassionate withdrawal.

Sexual Violence and Misconduct

Camosun is committed to creating a campus culture of safety, respect, and consent. Camosun's Office of Student Support is responsible for offering support to students impacted by sexual violence. Regardless of when or where the sexual violence or misconduct occurred, students can access support at Camosun. The Office of Student Support will make sure students have a safe and private place to talk and will help them understand what supports are available and their options for next steps. The Office of Student Support respects a student's right to choose what is right for them. For more information see Camosun's Sexualized Violence and Misconduct Policy: <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.9.pdf> and camosun.ca/sexual-violence. To contact the Office of Student Support: oss@camosun.ca or by phone: 250-370-3046 or 250-3703841

Student Misconduct (Non-Academic)

Camosun College is committed to building the academic competency of all students, seeks to empower students to become agents of their own learning, and promotes academic belonging for everyone. Camosun also expects that all students to conduct themselves in a manner that contributes to a positive, supportive, and safe learning environment. Please review Camosun College's Student Misconduct Policy at <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.5.pdf> to understand the College's expectations of academic integrity and student behavioural conduct.

Changes to this syllabus: Every effort has been made to ensure that information in this syllabus is accurate at the time of publication. The College reserves the right to change courses if it becomes necessary so that course content remains relevant. In such cases, the instructor will give the students clear and timely notice of the changes.
