## COURSE GUIDELINES & EXPECTATIONS

---

**Quizzes:** On specified Tuesdays, during the first 10 minutes of class, there will be a question based on the previous lectures. These in-class questions will count for 7% of your grade. There will be a total of 8 quizzes and you may drop your lowest score. ***Students arriving late will not receive extra time.*** In-class questions will occur on: Sept 13, 20, 27, Oct 18, 25, Nov 8, 15, 22

**R Labs:** This course includes R lab sessions designed to familiarize students with the use of a statistical software to perform data analysis and the procedure of reporting data analysis results. *You will need the lab tutorial for each lab.* The required lab tutorial is available on D2L. A lab assignment follows each lab session. Lab assignments are due by **2:30pm** on the **Tuesday** following each lab session. Late labs will be accepted with a penalty of 20% per day until the on-time labs have been handed back, after which I will no longer accept them.

**Equity, Diversity and Inclusion Assignment:** See Equity, Diversity and Inclusion Assignment handout.

**Calculator policy:** A Sharp EL-531 scientific calculator is required. This is the *only* calculator that will be allowed for tests and the final examination. This calculator is available at the Lansdowne Bookstore, and some other stores.

**Homework:** The homework for this course will include suggested exercises posted on D2L and R lab assignments. *In order to get a full understanding of the course materials, which usually leads to a good grade, it is necessary to mindfully complete all sets of homework. It is essential to review notes and do homework each week and to keep up consistently. Cramming does not work for this course.*

### Attendance

*Attendance is necessary.* Showing up to classes is the easiest and most important thing you can do to help you succeed the course. If you feel yourself falling behind at any point during the term, then please do not hesitate to come to speak to me.

### Desire2Learn (D2L)

This class has the assistance of D2L, an online course management system. Most course related materials and announcements will be available on D2L. It is your responsibility to subscribe to the *notifications on D2L* or check it regularly.

**Missed Test Policy:** Students are expected to make every reasonable effort to write the test at the scheduled time. **A missed test usually counts as a 0**, so if for any reason it appears that you may miss a test,

- **before the test**, talk with the instructor about missing the test, unless an unforeseen emergency makes this impossible, in which case leave a comprehensive message.
- assuming that you qualify for a missed test (for instance, medical or compassionate leave), the weight of the test will be moved to the final exam. There will not be any rewrites of tests.

*Please inquire if you have any questions or concerns about your particular situation.*

## SCHOOL OR DEPARTMENTAL INFORMATION

---

**Math Lab:** Math lab E224 is staffed with math tutors available for free help. It is a great idea to do your homework there and get help whenever needed
