STUDENT STUDY TECHNIQUES RECOMMENDED WORKING THROUGH THE COURSE:

1. **Survey:** Scan chapter titles, subtitles, and chapter summary before reading the chapter
2. **Question:** formulate questions from the textbook, partial notes using headings and subheadings. Use on line glossary and flash cards to define terminology and concepts
3. **Print off chapter questions on d2L and answer these as you read the chapter.**
4. **Read:** be sure to read theories and concepts to compare and contrast similarities and differences between the biopsychosocial perspectives. An example, how does psychoanalytic theory compare to the cognitive social learning theory? Keep your questions in mind and do not skip graphs, boxes, tables etc. Following reading and completing chapter questions, check your answers against the chapter answers posted. Listen to pre-audio recordings and watch videos listed in D2Lon each of the chapters assigned.
5. **Retrieve:** prepare questions on the material than email questions or meet online in collaborate to discuss.
6. **Launchpad:** is an online interactive study tool for students to work through at their own pace.
7. **Review:** Create a summary covering all your questions and answers and list all the key terms and operationally define them.
8. **Read:** the chapter a second time, for any missed detail in order to apply your conceptual understanding using examples in preparation for exams, assignment, and discussion posts.
