## BREAKDOWN OF STUDENT ASSESSMENT

**Exams (Exam 1 – 15%; Exam 2 – 20%; Exam 3 – 15%)**

You will write three **in-class** exams. Exams are non-cumulative which means they will only cover material since the previous exam. All course material is testable (lectures, textbook chapters, supplementary materials). The format of all three exams will be multiple choice and short answer and will take place during class time.

*What to do if I miss an exam due to illness?*

Contact me ([kobelskyc@camosun.ca](mailto:kobelskyc@camosun.ca)) as soon as possible and a make-up exam will be scheduled. Please note that the make-up exam differs from the exam provided in-class.

*What to do if I require special arrangements for exams due to a disability?*

Arrangements will be made with your classroom teacher prior to exams. Please be sure to let us know if you require any accommodations.

**Chapter Quizzes (best 5 of 8) = 15% of final grade**

Quizzes will be offered at the end of each chapter (see Course Schedule for dates) and are meant to assess your understanding of the course material. These quizzes will also help prepare you for the format of the exams. **All quizzes will be completed on your own time.** Please note that **no makeup quizzes will be provided.** If you miss a quiz (including due to illness), it will be one of the 3 lowest grades dropped from your final mark. All quizzes are timed will be offered online through D2L and will consist of multiple-choice questions. Additional information will be provided in-class and on D2L.

*What if I have technical issues logging on or completing the quiz?*

Contact me ([kobelskyc@camosun.ca](mailto:kobelskyc@camosun.ca)) and I will work with you on a solution. Please note that it is best to attempt the quizzes at least one day prior to the due date, to allow us enough time to sort out any issues.

**Participation (best 15 of 20) = 15% of final grade**

Participation activities will be completed **in class**. These participation activities are intended to reinforce the lecture material, provide interactive examples of concepts, and allow students to connect to the material through personal experience. All participation activities are graded as complete/incomplete, and no makeup participation points will be provided. Additional information on participation points will be provided in class.

### Individual Written Assignment (IWA) = 20% of final grade

Students will be asked to debunk a common psychological myth by reading and writing about psychological research on that topic. The individual written assignment will be broken down into the following smaller components:

IWA #1: APA formatting – 2% (**due Mar 13**)

IWA #2: Research Methods & Article summary – 3% (**due Apr 5**)

IWA #3: Critical thinking – 3% (**due Apr 19**)

Students will complete the assignments listed above to help them prepare to write their IWA #4. These components are meant to introduce students to common aspects of writing in psychology including APA formatting (rules regarding the writing style of psychology assignments), research methods (how we gather data in psychology), and critical thinking (how we evaluate claims made in psychology). IWA #1-3 will be formatted as a D2L quiz but will not be timed. You are welcome to use your textbook, notes, and videos provided on D2L to support your answering of questions.

IWA #4: Final copy of paper – 12% (**due May 8**)

IWA #4 will consist of a written paper (~1500 words). Students are expected to draw on scholarly scientific research and current psychological theories to describe a psychology myth, debunk the myth using scholarly research, and provide critical thinking related to why the myth persists.

All assignments are due by 10pm on the due date and are to be uploaded in .PDF format directly to D2L. Additional information will be provided in class and on D2L.

#### *IWA Late Policy*

Students are responsible for uploading IWA #4 to D2L before the deadline. Assignments will lose 5% for each 12 hours that they are late, to a maximum of 40%. After that, the grade will be assigned as a 0%.

### COURSE GUIDELINES & EXPECTATIONS

Part of my role in this course is ensuring that students are succeeding! If you have questions about the course material, please ask me during class, contact me via email, or arrange for a one-on-one meeting (via Collaborate).

#### **What Students can Expect from Me**

- **I'm available to help!** I am very responsive to email, expect an answer from me within 24 hours (including weekends). Sometimes I will ask for an in-person or online meeting as it can be challenging to convey information over email. If you do not hear a response from me, please send a gentle reminder email. **It is better to contact me earlier in the term rather than later if you are struggling so we can work on an education plan together.**
- **\*NOTE:** Please DO NOT email me through D2L, as emails do not always make it to my inbox.
- All course material will be provided in D2L. This includes lecture slides, additional readings, assignment details, some participation activities, and all quizzes. Materials will be released on a per-chapter basis
- I will give and receive feedback. I will provide written feedback on the IWA components and am happy to meet with you to discuss the feedback. I'm also open to receiving constructive feedback about your experiences within the course.

## What I Expect from Students

The main expectation I have of students is that you dedicate time to this course. This can be done in several ways:

- Attend all class sessions, when possible (but please do not attend class if you are ill), **on time**
- Manage your time → dedicate time to course readings, studying, and assignments
- Check the D2L page often → all course materials will be provided on D2L
- Provide constructive feedback → let me know if certain formats are not working well for you, if you are interested in certain topics, or if you are not interested in some topics
- Let me know if you have any special circumstances → we all learn in different ways and with varying degrees of success. **If you find that you are struggling in the course, contact me and we can work towards a solution.**
- Conduct yourself appropriately during class → this includes listening to and interacting with others in a respectful manner. We are all very diverse and have different values, beliefs, and opinions. Within this course, we will aim to approach topics in psychology with a scientific, critical mind.
