#### 3. Required Materials

CSEA 111 Practicum book (on D2L)

CSEA 111 Student workbook (on D2L)

## 4. Course Content and Schedule

### Assignments & General Considerations:

1. Please arrive at seminar on time and be prepared to participate in discussions and activities.
2. Attendance at weekly seminars is **mandatory**. If you miss a seminar, you must complete a missed seminar assignment (see below)
3. Journal submissions are required, and must be submitted on or before the scheduled seminar. Failure to submit journals may result in termination of practicum placement. All journals are to be submitted as a Word document through the appropriate D2L Dropbox.
4. Students will be required to **make up time if absences are in excess of one practicum day.** Unexcused absences from seminar and practicum will affect your ability to successfully complete this course. Excused absences include medical or family emergencies, and students may be required to provide documentation

### Seminars:

An important aspect of this course is the integrative seminar and the opportunity to reflect on and share learning experiences gained from the practicum placement. This is a **MANDATORY** class and you are expected to come to class prepared to share your reflections and experiences of your practice learning with your classmates and instructors. **Missing more than three seminar classes will put you at risk of failing the course.**

In the event you miss or are late or leave early for an integrative seminar, you are required to complete the following assignment:

- You need to have a minimum five-minute discussion (in person or on the phone) with **at least two students** in your class to learn their perspective of the important aspects of the session missed (both large group and small group). This will also give you the opportunity to offer supportive feedback to them as well (peer support is one intended outcome of small group seminar). Ensure you identify which students you have spoken to.

- Complete and submit a **400-500 word** write up which talks about the key elements that were missed in the class, along with your own reflections on the subject. Please submit this write up to your instructor by Friday of the week of the affected seminar.

### **Assignment #1: Journal Writing: due dates in syllabus**

Although you are required to keep a weekly journal, you will complete a summary of this four times. Complete **6 journal summaries**.

### **Grading:**

Journals are graded as Satisfactory or Unsatisfactory with comments listed through D2L. You will reflect on your experiences and link this to concrete learning. If this is not met, you may be asked to re- write a submission.

For Journal 1,3,5: APA referencing NOT REQUIRED

For Journal 2,4,6,: APA referencing to 2 ideas from course content (you may choose from any CSEA course or course taken in this program)

### **To achieve a Satisfactory grade in this assignment:**

- demonstrate insight into your learning experience
- focus on the themes in the context of your placement
- demonstrate evidence of thought and effort in the assignment

This journal is a reflective and analytical activity, which allows you to grapple with problems and frustrations as well as to identify your accomplishments and other positive learning experiences while at your practicum placement. The journal is your means of regularly charting your growth and development both academically and personally.

**Summaries are NOT a review of what you did or what happened – they reflect on the experience and highlight your understanding of what these mean to you as a practitioner in the field. Please do not write out a review of events at your practicum!! We want to know what you think of these issues versus a narrative of them.**

The idea of using journal submissions is to enable you to pull out key themes from your experience or highlight one particular item that made you curious about something in practice. The weekly guiding questions are simply prompts for your weekly journal - things to think about. The submission allows you to summarize your learning and pull out key issues from your experience.

Follow these guiding questions for your own weekly journal writing.

**Assignment #2 – Tool Kit for the Field**

**Due: February 25**

**Length – 2-3 pages – double-spaced Times New Roman font, APA NOT REQUIRED**

**PART A**

Please identify a plan for a tool kit that you might use to support individuals both in the community and in a school setting – therefore you will have two subheadings in your paper. You will choose two different tools/strategies to use one for each setting- thus a total of 4 tools or strategies.

Think of your ideas as something that you can place in a small bag- creating your own bag of items that could support someone.

Please indicate the following in your paper for the in school population and the community population

1. beside each item please indicate how the item would be useful for a person that you are supporting
2. when you might use this particular strategy and why
3. What you might do if the particular strategy does not work – back up plan...

**Part B – March 24, March 31**

At the end of the semester – please be prepared to bring in one item from your tool kit and present this to others– this way others can hear about your tools and how you have used some of them in the practicum setting. There will be a sign up sheet so that tools are not repeated.

**FINAL PRESENTATION – April 7**

This will be a class presentation by each individual during seminar. In this short presentation you will be asked to sit at 4 ‘stations’ set up at the front of the room and speak to each station: Station #1 - you will talk about the where your practicum was and the type of work you did while there.

Station #2 – you will discuss some of the challenges that you encountered in that setting

Station #3 – you will discuss some of the strengths and positive experiences in that setting

Station #4 – you will provide the class with some ‘pearls of wisdom’ that you will take into your next practicum

- Bring in 1-2 photos or artifacts from your practicum experience that you can share as part of this final presentation.

**NOTE- Students in a school setting** who are not able to attend practicum because of school closures as a result of Spring Break, will complete the Namaste visit in lieu of the weekly journal assignment and attendance at the practicum placement on those days. Students, who have practicum placements in schools that are closing for a two-week Spring Break, will have an option to go to practicum during reading break or use the week at the end of term to attend for those 2 days.

### **Namaste Visit**

**Due: one week after attendance**

On \_\_\_\_\_ (date) from 10:30 – noon, attend the music program at Namaste Society (3895 Holland Avenue). The Executive Director of the Society is aware that students from the CSEA program will be attending.

Participate in the music session, observe, and interview 2 people who are attending the event (not a CSEA student) to learn about why they person go to the event, what they like about it, and what they gain from the experience.

Write a 2-3 page report that describes:

- a) What you learned through the interview
- b) Your observations about the event, environment, and the people who attend the event.
- c) Link this experience to Learning Outcome #3 – describe the way in which the music program demonstrates, meets, (or doesn’t meet) that outcome.

### **LATE POLICY**

In exceptional circumstances, students may arrange with the instructor for an extension of an assignment **before** the due date. All assignments submitted on D2L drop box
