2. Course Description & Intended Learning Outcomes

Students will critically examine all aspects of creating an inclusive, caring and learning environment for children with diverse abilities. Students explore working collaboratively with diverse families and interdisciplinary teams. Indigenous and culturally diverse approaches, including the impact of residential schools, on-going colonization and the skills of reconciliation. are explored. Advanced skills in observation and program planning using a strengths-based perspective are emphasized.

Upon successful completion of this course a student will be able to:

- identify historical perspectives, personal attitudes, values and biases towards people with diverse abilities and inclusive child care.
- use strengths and interests to plan inclusive opportunities that meet children's individual needs within the early learning and care settings.
- demonstrate how the inclusive, caring and learning environment supports and promotes the growth and development of all young children.
- work with diverse families to identify priorities and culturally respectful approaches with children.
- reflectively critique own learning.

3. Required Materials

Readings and resources will be assigned weekly on D2L

4. Course Content and Schedule

Weekly course content and a detailed schedule will be handed out in class.

5. Basis of Student Assessment (Weighting)

Assignment description and due dates will be handed out and discussed in class.

Assignment Expectations:

1. Please submit all assignments on the due date.
2. Submission after the due date will result in a loss of 3% of the assignment marks per day.
3. To request an extension for an assignment, contact me at least 24 hours ahead of the due date, provide an explanation/rationale for requesting an extension and negotiate a revised due date. Extensions are not granted on the due date. Request for an extension will be granted at my discretion.
4. Follow APA writing guidelines for all written work. This includes formatting, spelling, grammar, in-text citations and references. Please remember to proof read for spelling and grammar to present a professional looking assignment.
5. It is the responsibility of each student to save a copy of all assignments until a grade is received.
6. You will need to complete work in all areas to be eligible for a final grade for the semester. Assignments will not be accepted after the last day of class at the end of term unless an extension has been granted prior to the due date. Assignments not received by this time will receive a zero.
7. Last day to withdraw from courses without a failing grade is **March 9**. If you withdraw by the posted withdrawal date, you will not be penalized. Withdrawal or incompleteness of work after the posted withdrawal date will result in an 'F' grade being assigned.

NOTE: *It is the responsibility of the student to understand assignments and assignment expectations before submitting by the due date. Should students receive a mark of less than 50% on an assignment, they may request to rewrite and resubmit the assignment. Permission to resubmit an assignment is at the discretion of the instructor, rewritten assignments can receive a maximum grade of C+ (65%).*

This course must be passed with a 'C+' (65%) average to continue in the ELC Program.

Attendance

Due to the short and intense nature of the ELC program, classes are planned as a continuum for building the skill and knowledge required. Classroom experiences and participation are a major part of competency development; therefore, **consistent attendance is expected**.

Students are required to contact the instructor in advance if they are unable to attend class. Students who miss class are responsible for the material and assignments covered in class. Repeated absence from class will affect a final grade.
