### 2. Course Description & Intended Learning Outcomes

Students will consolidate theory and practice and demonstrate early childhood practice with children under age three and their families in this specialty practicum. Students will use critical thinking skills in the ongoing, dynamic creation of nurturing and culturally appropriate early learning and care environments. This practicum provides students with eligibility to apply for an Infant Toddler Educator (ITE) credential.

Upon successful completion of this course, students will be able to:

- inform relationships and practice using a social justice perspective and concepts of democratic practice that include children's voices.
- plan and evaluate components of early learning, caring and inclusive programs that support children's well-being and holistic learning in the context of family and community.
- establish and maintain inclusive, nurturing, safe and healthy environments which exceed the requirements of current legislation, regulatory bodies and program policies.
- demonstrate culturally appropriate interpersonal communication skills including indigenous approaches, reflecting an awareness of on-going colonization and the skills of reconciliation that contribute to caring, nurturing and responsive relationships with children, families, colleagues and other professionals in the community.
- develop caring relationships with young children and families.
- demonstrate professional responsibility and accountability as an early childhood educator.

### 3. Required Materials

### 4. Course Content and Schedule

#### **PRACTICUM DAYS**

Students are responsible for developing a schedule with their mentor to complete the hours and informing their instructors of this plan

#### **ATTENDANCE**

*Students are required to attend all practicum sessions in the field and all classroom seminars unless they have a legitimate medical reason.*

**Practicum:** Students must notify *both* the Mentor and Instructor prior to any absences. If you are suddenly too sick to attend practicum, *both* the centre and your instructor must be contacted that morning. All missed hours will need to be made up, students must connect with the College instructor within one week of absences to make a plan for make-up hours. If you require exceptions to this, it is important to discuss this prior with your instructors. Missing more than 4 practicum days due will result in a no credit. In case of a serious illness, a student will be able to apply for a medical withdraw.

**Seminar Class:** Students are requested to notify their seminar instructor of any absences. If a seminar is missed students are required to complete a "missed seminar" assignment and hand it in **within four calendar days of the missed class.**

### 5. Basis of Student Assessment (Weighting)

A detailed description of assignments will be handed out and discussed in class.

#### **Assignments and Evaluation**

Students will be evaluated primarily on the basis of their performance in the practicum setting. Evaluation will be based on performance, not potential; the mentor in the field will be aware that this is a process with consistent competency as the final goal. Students will receive help and suggestions and be encouraged to consider their own performance, both in discussions with the field placement mentor and in weekly Practicum seminars. The Camosun College instructors will schedule visits to the facility and be available for discussions. Working well in your placement setting is the most important indicator of suitability for this field.

All assignments must be completed before a grade will be assigned. All practicum outcomes must be demonstrated at a C+ level or higher, and each assignment must be completed by the due date at a C+ level or higher to be considered "complete". Assignments may be sent back if they are not a C+ level or better.

Assignments are expected on the due date. Extensions must be negotiated with your instructor prior to due dates. Opportunity to rewrite assignments supports articulation of ELC knowledge, skills and attitudes. Late assignments submitted in the last week of term will not have the opportunity for rewrites.

The Camosun instructor makes the final decision whether a student has been successful with their practicum experience. Final grading is either a "COM" for Completed or "NC" for Not Completed.
