- Repeated absences, including not attending the full block of time as per the previous bullet, will jeopardize successful completion of the course.
- Late arrivals and all absences must be communicated prior to the beginning of the class.
- Students are required to demonstrate positive interpersonal behaviour online, including listening and acknowledging others. Students are also required to demonstrate emotional maturity, respect, and teamwork. Students are also required to be respectful in all online and email communications.

Technology Usage

- During class times, cameras are to be on. Microphones are to be muted at the start of the session. Guidance in the use of the technology functions will be reviewed.
- While engaged in the online sessions and learning activities with others, cell phones must be out-of-sight with alerts and ringers turned off. All other electronics should have push notifications disabled during the online sessions to limit distractions.

Student Assessments: Assignments & Tests

- The following assessments must be done in order to complete the HLTH 110 course: Health Assessment & Nutrition Analysis Assignment; Personal Lifestyle Behaviour Change Assignment #1 & #2; and Test #1 & #2. Refer to the following sections regarding minimum grades and learning outcomes requirement. Instructions for all assignments will be posted on D2L.

Homework Assignments

- Homework assignments are due at the beginning of the scheduled class and will be uploaded to the appropriate "Assignment" folder on D2L. In fairness to all students, assignments uploaded after the first 5 minutes of scheduled class time will be deducted 5% and after 15 minutes or more late marks will be 10%.
- Homework assignments will not be granted a grade after a scheduled class session has been completed. Details of this will be provided on the first day of classes.
- In the case of illness, or an exceptional circumstance, the assignment must be uploaded to D2L by the start time of the class to demonstrate that it has been completed, otherwise it will accumulate late marks as noted above. Documentation from a doctor/professional might be required if the assignment cannot be submitted on the due dates according to the topic schedule.

Health Assessment & Nutrition Analysis Assignment and the Personal Lifestyle Behaviour Change Assignments #1 & #2

- The following assignments must receive a minimum of a "C" grade, and must also meet the course learning outcomes, in order to complete this course: Health Assessment & Nutrition Analysis Assignment and the Personal Lifestyle Behaviour Change Assignment #1 and #2.

- No assignment listed in the previous bullet will be accepted after one calendar week after the due date resulting in not receiving a final grade for the course.

Tests #1 & #2
