Resources for writing are posted in D2L Content and are available at the Camosun Writing Centre and Library. The [AskAway](#) online reference service is available through the Library site. Identify yourself as a “mental health & addiction diploma” student to access services daily except holidays.

Students are responsible for maintaining a copy of all submitted work until final grades are posted in Camlink (D2L Locker is effective for work in progress and is accessible with any Internet connection).

All assignments must be submitted, including completion and participation in **all** D2L postings, in-class activities, skill development, and presentations.

Participation

Online (synchronous and asynchronous) learning activities are planned as a continuum for building the skills and knowledge required to meet the program competencies. Lack of online participation will be discussed with the student.

Evaluation of participation includes:

- Pre-class and pre-online preparation, including reading assignment materials
- Arriving at class (synchronous) and/or posting assignments and reflections on time; consistent attendance and/or online participation
- Constructive and appropriate comments in class (synchronous) and online
- Active participation in group work, classroom, and online activities
- Active and respectful listening in all learning environments
- Considerate behavior towards others

Cellphones and electronic devices are not to be used during synchronous class time.

We ask that cell-phones are put out-of-sight with alerts and ringers turned off during synchronous class times.

Students will be expected to complete learning activities to demonstrate outcomes for missed seminar content, due within one week. In-lieu activities are directly related to demonstration of knowledge and skill outcomes related to the missed seminar time. Assignments and seminar activities are complimentary and necessary for demonstration of course learning outcomes. In-lieu activities ensure the learner experiences the same content and outcomes as other students. Missed content activities must be submitted for a final grade to be posted on Camlink; a delay may impact a student’s ability to register in the practicum as this course is a pre-requisite for IMHA 515.

Late Policy

Submit as indicated on due date: Dropbox by 11pm

In fairness to all students, late assignments will be deducted 5% per 24-hour period after the first five minutes of online due time

Students may arrange with the instructor for an extension of an assignment before the due date and a verifying documentation will be required. Those with a *Letter of Accommodation* from the Centre for Accessible Learning must have previously identified arrangements, as negotiated with the instructor at least 48 hours before due time.

We recognize that there are multiple factors that could impact a students’ ability to complete assignments on time. It is assumed that students work hard to complete assignments, may sacrifice other enjoyable activities, and employ good time management skills to meet deadlines. Even with the best intentions and strategies, unexpected situations can arise. Instructors hold no judgment of students who make the

decision to take a day or two more to complete an assignment. The late deduction is often well-worth gaining extra time to complete the assignment with better learning outcomes and a decrease in stress.

If you need extra time without documentation (e.g., *Letter of Accommodation*):

- the deduction is only on the mark obtained, not on the value of the assignment. For example, if you achieve a mark of 18/20 and you submitted up to 24 hours late (before due time the next day), the late deduction is .9 (18 x 5%). If two days late, the deduction is 1.8 (18 x 10%).
- please send a brief email to the instructor before the seminar for which the assignment is due, as it may impact an activity that builds on your work. There is no need to explain your reasons for needing extra time, the instructor knows there are many circumstances that effect a student's ability to complete.

Given the focus and content of the IMHA 511 course, all assignments must meet a minimum "C" level, with a final grade of "**B-**" or higher required for successful completion of the course. Students may be required to re-submit their work to demonstrate mastery of the skills and knowledge aligned with the assignment or missed content to a minimum "C" level.

We are supporting students to demonstrate competencies and successfully pass a course. If the original submission does not achieve a mark of 60% or more, the student must re-submit to demonstrate passing knowledge/skill. The late deduction will apply to the original mark until successful demonstration of knowledge/skill at a level of "C" or higher. The intention is that a student must demonstrate passing level knowledge/skill but they are not advantaged over other students who submitted their work on time and exceeded 60%.
