INSTRUCTOR DETAILS

NAME: Monica Wilkins
EMAIL: wilkinsm@camosu.bc.ca
OFFICE: online format
HOURS: Tuesday/Wednesday 11-12 or 12-1

As your course instructor, I endeavour to provide an inclusive learning environment. However, if you experience barriers to learning in this course, do not hesitate to discuss them with me. Camosun College is committed to identifying and removing institutional and social barriers that prevent access and impede success.

CALENDAR DESCRIPTION

Learners will translate and develop knowledge, skills, and dispositions to provide safe, ethical nursing care in acute, sub-acute, and rehabilitative health care settings. Learners build on assessment skills, develop clinical judgement, and apply care planning, prioritization, and evaluation skills in collaboration with patients, family, and other health care professionals. Learners provide evidence-informed, holistic nursing care, including safe medication administration, health education, and therapeutic communication. Learners are expected to integrate nursing knowledge, pathophysiology, and pharmacology.

PREREQUISITE(S): COM in NURS 190
CO-REQUISITE(S): NURS 242
PRE/CO-REQUISITE(S): C in BIOL 252, C in NURS 232, C in NURS242, C in NURS 260

COURSE SCHEDULE, TOPICS, AND ASSOCIATED PREPARATION / ACTIVITY / EVALUATION

The following schedule and course components are subject to change with reasonable advance notice, as deemed appropriate by the instructor.

Nursing Practice and Praxis

N280 Nursing Practice/Praxis: 12 hours/week for 14 weeks

Each week there will be a combination of nursing practice and praxis hours for a total of 12 hours per week. There will be a minimum of one hour of praxis per week (11 hours nursing practice and 1 hour praxis) to a maximum of two hours of praxis per week (10 hours nursing practice and 2 hours of praxis). This may vary from week to week to assist students in meeting the learning outcomes. Praxis may occur in the clinical setting, virtually via collaborate, or be a combination of both. Additionally, you may be required to do client simulation(s) during the 14 weeks which may or may not occur during your regularly scheduled practice hours. All learning activities have been designed to assist learners in meeting and demonstrating the learning outcomes of the course. As such, regular attendance and participation is expected for all components: practice and praxis.

Students registered with the Centre for Accessible Learning (CAL) who complete quizzes, tests, and exams with academic accommodations have booking procedures and deadlines with CAL where advanced notice is required. Deadlines can be reviewed on the [CAL exams page](http://camosun.ca/services/accessible-learning/exams.html). <http://camosun.ca/services/accessible-learning/exams.html>

STUDENT EVALUATION

Students are evaluated based on their progress and level of independence according to the Intended Learning Outcomes outlined in the N 280 class syllabus and course pack. The BCCNM Professional Standards will be used as a framework to support the evaluation process for demonstrating success with learning outcomes. Students are collaboratively and formally evaluated by their nursing practice instructor in a written document at mid-term and after completion of the clinical practice experience. Students are required to write comprehensive mid-term and final self-evaluations, including specific examples that demonstrate progress towards meeting the learning outcomes.

Depending on your progress throughout each semester you may be required to participate in more frequent evaluations. Decisions can be made to include written collaborative reports more frequently if it is deemed necessary by your instructor. A collaborative learning contract is completed for those students at risk for failure. All evaluations and collaborative reports will be written, dated, and signed by yourself and your instructor. These reports are kept on file in the nursing office.

Evaluation is based on:

1. Written Assignments
 - Reflective journals
 - Research Assignments

- Learning plans
 - Data collection and time management tools
2. Clinical Performance based on Learning Outcomes-Practice Appraisal Forms (PAF)
- Learners are directly observed and evaluated in the clinical setting
 - Observations and experiences from patients and nursing unit staff (indirect observation) are considered when assessing clinical competency
 - Written assignments may be used to assess for clinical competency

This course is graded by the [Competency-Based Grading System](#).

If you have a concern about a grade you have received for an evaluation, please come and see me as soon as possible. Refer to the [Grade Review and Appeals](#) policy for more information.

COURSE GUIDELINES & EXPECTATIONS

Attendance

Practice experiences within the curriculum are a vital part of learning. Attendance is required in all practice courses. During semesters one to five, students who miss more than 10% of a practice experience may be required to repeat the practice course, and/or complete additional course work such as but not limited to simulation experiences or case studies.

Psychomotor Skills

To honour BCCNM professional standards, the Health Professions Act, and our legal affiliation agreements with health authorities, students cannot practice skills in the nursing practice areas until they have learned the theory and practiced that skill in the nursing lab.

Required Island Health Learning Modules

During N280 and continuing on in your future clinical practice courses you will be required to complete a number of Island Health online learning modules. You may be required to print off your record of completions and keep these in your clinical portfolio.

Clinical Portfolio

You are required to maintain and keep updated a clinical portfolio which contains copies of your clinical evaluations, and all required clinical documents, such as but not limited to: CPR, CRC, mask fit testing, etc.

Adverse and “near-miss” Events Reporting

Errors can occur when practicing in the clinical setting. Errors can be complex in origin and are often rooted in systems failures or are multifactorial. Learners who make errors are required to complete a Patient Safety Learning System (PSLS) report at the hospital and an Adverse Event Report for the college. “Near-miss” adverse events should also be recorded. These reports are not punitive in nature, but rather serve to help

researchers understand the trends and causes of errors, and then to take steps to improve working and learning conditions to avoid future errors. Reporting adverse events is an essential professional responsibility and is a crucial element in improving patient safety and quality improvement.

School or Department Information

Students are required to read and are accountable for following College policies and practicum guidelines as described in the BSN and HHS Student Handbooks, including but not limited to use of personal mobile devices, infection control, confidentiality, and professionalism.

COLLEGE-WIDE POLICIES, PROCEDURES, REQUIREMENTS, AND STANDARDS

Academic Accommodations for Students with Disabilities

The College is committed to providing appropriate and reasonable academic accommodations to students with disabilities (i.e. physical, depression, learning, etc). If you have a disability, the [Centre for Accessible Learning](#) (CAL) can help you document your needs, and where disability-related barriers to access in your courses exist, create an accommodation plan. By making a plan through CAL, you can ensure you have the appropriate academic accommodations you need without disclosing your diagnosis or condition to course instructors. Please visit the CAL website for contacts and to learn how to get started: <http://camosun.ca/services/accessible-learning/>

Academic Integrity

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.13.pdf> for policy regarding academic expectations and details for addressing and resolving matters of academic misconduct.

Academic Progress

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.1.pdf> for further details on how Camosun College monitors students' academic progress and what steps can be taken if a student is at risk of not meeting the College's academic progress standards.

Mandatory Attendance for First Class Meeting of Each Course

Camosun College requires mandatory attendance for the first class meeting of each course. If you do not attend, and do not provide your instructor with a reasonable reason in advance, you will be removed from the course and the space offered to the next waitlisted student. For more information, please see the “Attendance” section under “Registration Policies and Procedures” (<http://camosun.ca/learn/calendar/current/procedures.html>) and the Grading Policy at <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.5.pdf>.

Medical / Compassionate Withdrawals

Students who are incapacitated and unable to complete or succeed in their studies by virtue of serious and demonstrated exceptional circumstances may be eligible for a medical/compassionate withdrawal. Please visit <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.8.pdf> to learn more about the process involved in a medical/compassionate withdrawal.

Sexual Violence and Misconduct

Camosun is committed to creating a campus culture of safety, respect, and consent. Camosun’s Office of Student Support is responsible for offering support to students impacted by sexual violence. Regardless of when or where the sexual violence or misconduct occurred, students can access support at Camosun. The Office of Student Support will make sure students have a safe and private place to talk and will help them understand what supports are available and their options for next steps. The Office of Student Support respects a student’s right to choose what is right for them. For more information see Camosun’s Sexualized Violence and Misconduct Policy: <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.9.pdf> and camosun.ca/sexual-violence. Student Misconduct (Non-Academic)

Camosun College is committed to building the academic competency of all students, seeks to empower students to become agents of their own learning, and promotes academic belonging for everyone. Camosun also expects that all students to conduct themselves in a manner that contributes to a positive, supportive, and safe learning environment. Please review Camosun College’s Student Misconduct Policy at <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.5.pdf> to understand the College’s expectations of academic integrity and student behavioural conduct.

Changes to this Syllabus: Every effort has been made to ensure that information in this syllabus is accurate at the time of publication. The College reserves the right to change courses if it becomes necessary so that

course content remains relevant. In such cases, the instructor will give the students clear and timely notice of the changes.
