COURSE OUTLINE

Please note: This outline will not be kept indefinitely. It is recommended students keep this outline for their records, especially to assist in transfer credit to post-secondary institutions.

Course Description:

This course is intended to prepare the learner for the role of the practical nurse in caring for clients with acute presentation of illness. Legislation influencing PN practice, specific professional practice issues and ethical practice pertinent to PN practice in acute care environments will be explored. Practice issues that occur across the lifespan will be considered. Collaborative practice with other health care team members and specifically the working partnership with RNs in the acute care setting will be explored.

Pre-requisites: Successful completion of Level 3 Theory Courses and Consolidated Practice Experience 3.

Co-requisites: Variations in Health 4; Integrated Nursing Practice 4; Professional Communication 4; Health Promotion 4.
