5. Basis of Student Assessment (Weighting)

(a) Attendance & Participation (20%)

Attendance and participation is a critical part of learning and a very important part of this class. Being prepared for class includes making sure that the readings are done and you are ready to talk about and respond to them. Active Listening is a vital aspect of being in respectful dialogue with others. You must be able to hear what people are saying so that you can respond to them in a respectful and appropriate manner.

(b) Critical Reflections (80%)

Each student must complete 12 critical reflections. Of the 12 critical reflections that a student writes the 10 with the high grades will be used towards the final mark. The critical reflections should be written on the films, and discussion in the course.

Provide a short introduction that summarizes what you will be writing about but remember that you are critically reflecting not summarizing. Use this opportunity to critically reflect and show the instructor that you have an understanding or personal experience with a certain topic.

Students will be given time in class to write the critical reflections.

Each critical reflection must be 2 full pages, double spaced and typed. You may use any citation style as long as you are consistent throughout the paper.
