### Immediate, Urgent, or Emergency Support

If you or someone you know requires immediate, urgent, or emergency support (e.g. illness, injury, thoughts of suicide, sexual assault, etc.), **SEEK HELP**. Resource contacts @ <http://camosun.ca/about/mental-health/emergency.html> or <http://camosun.ca/services/sexual-violence/get-support.html#urgent>

### Department Policies:

**Grade review:** You have 7 days after marks are posted to review with your instructor.

#### Academic Dishonesty:

1<sup>st</sup> violation: minus the weight of the deliverable and a note on your departmental file.

2<sup>nd</sup> violation: F in the course

3<sup>rd</sup> violation: Student Conduct [Policy](#) E-2.5 is applied

#### Academic Honesty Policy

All students are expected to adhere to the highest possible ethical standards in all aspects of their work. Each student should be completely responsible for his or her own work.

These guidelines concern the type of fraud where a student presents, as his/her own, the work of another individual, or where a student allows another student to do so.

Students are encouraged to study together, to help each other learn concepts and practical tools. Both the student who helps another and the student who is helped benefit from the process. Working together is formally encouraged in certain courses by having group assignments. You may seek other students' advice in debugging your program code. However, that assistance should be limited to determining what is wrong with your program or work rather

than rewriting large sections of it for you.

The sharing of lab work electronically or by other means is considered fraud unless specifically approved by the Instructor in advance. This includes obtaining code or other materials by methods such as undeleting files or retrieving discarded printouts. It is at the Instructor's discretion to determine if two assignment or exams are sufficiently similar to be considered shared work.

In the case of fraud, action will be taken commensurate with the severity of the case. Actions taken will be one of: no marks for the piece of work; failure in the course; or, in repeated case, expulsion from the College. In serious cases, the action taken will be determined by the Computer Science Department Student Review committee in consultation with the course Instructor.

There is an appeal procedure outlined in the Camosun College Calendar.

**Missed Examinations/Quizzes:** If a student misses a quiz or an exam, a mark of zero will be assigned unless there are extenuating circumstances. In such cases, the proportion of grade assigned to the missed quiz or exam will be added to the proportion assigned to the final exam. The final exam will be held during exam week. NO consideration will be given to any student wishing to write the exam at any other time than that assigned.

**Electronic Devices:** The school's policy regarding electronic devices is that any student who has a cell phone or other unauthorized electronic device (ie. ipad, laptop, playbook, etc.) on their person or around their desk during an exam will be guilty of cheating and will a grade of "F" for the course.
