

SERVICE PROVIDER COST ESTIMATE

Cost estimates are required each term for students applying for services funding under the Permanent Disability Programs Application.

Student Aid BC advises: estimates must provide contact information, qualifications for services offered, an explanation of the services they will provide (i.e., number of hours per week, etc.) and their hourly rate. The estimate must provide specific information related to each course (course name(s) and dates must be provided).

One quote for *each service provided* is required.

I,

agree to provide

with the following service (check one):

Tutoring

Notetaker* (this is different than a Note-Sharer. Note-Sharer is a fellow student in class and does not need to complete this form)

Academic Strategist

At-school attendant care

Other:

Service start date:

Service end date:

For the following course(s):

Course name and number	Course start date	Course end date

Hourly rate for this service:

Hours per week:

Weeks of service:

Total cost:
